THE IMMORTAL

Justice K. S. Hegde
Founder, Nitte Education Trust

Kowdoor Sadananda Hegde, born in Kowdoor village of Karnataka State, completed his early education at Karkala and Mangalore. Thereafter, he obtained a degree in Economics from the Presidency College, Madras and a degree in Law from the Government Law College, Madras.

K.S.Hegde began legal practice at Karkala in 1936, after which he moved to Mangalore, where he was appointed as Public Prosecutor of South Kanara District in 1948. He was elected member of the First Council of States (now known as the Rajya Sabha). In 1954, he represented India at the General Assembly of the United Nations. He then became a judge of the Mysore High Court. In 1966, he was appointed as the first Chief Justice of the Delhi and Himachal Pradesh High Court. He held this office till he has elevated to the post of Judge of the Supreme Court of India in 1967.

A man of integrity and strong values, Justice K. S. Hegde resigned from the post of Chief Justice in 1973 in protest against the supersession of senior judges in the appointment of the Chief Justice of India. In 1977, he won the election to the Lok Sabha and was elected Speaker of the Lok Sabha, an office he held till 1980.

After a distinguished career spanning over four decades, Justice K. S. Hegde retired from public life and settled at Nitte to relentlessly work for the upliftment and empowerment of the rural people. He passed away on May 25, 1990.

Always in pursuit of truth and excellence of human endeavour, Justice K. S. Hegde began a journey of exploration that continues with Nitte Education Trust and Nitte University.

MESSAGE

The year in passing for the University has been creditable as we have moved one slot higher in quality. The National Assessment and Accreditation Council (NAAC) has accredited the University with the highest grade “A” in October 2013.

This is an indication that we are being regarded as an institution with a strong foundation of academic excellence. And in the coming years, we should build on these strengths and rise to even greater heights of distinction, scholarship and service.

Our nation is in a state of transition and is bound to take a stellar role in the world economy and in building a just and humane society. We should be a part of making a stronger India and so should continue to tread on the path of empathy and social commitment.

On the other hand, we have the challenge of preparing men and women who will be valued both for their specialized knowledge and for their ability to research, communicate and solve problems. For this we need to build on the alliances and collaborative partnerships with research institutions. It is equally important for us to ensure the ongoing relevance of our academic programmes and the continued excellence of our teaching, learning and research.

Let us continue our aspiration to excel with greater zeal !

N.V. HEGDE

**Chancellor, Nitte University &
President, Nitte Education Trust**

MESSAGE

Nitte University in its last six years of existence has been scaling greater heights of success. An educational institution is not only known by the infrastructure but also by the teaching-learning processes. We believe that success comes from a relentless focus on innovation and execution. Our endeavour is to provide the best of both so that we can generate competent and skilled manpower. Excellence is not an outcome of a one-time effort. It is something like the horizon – it is as far as it seems to be near. We should not be complacent with small successes. At Nitte University we believe in the ethos of teamwork and collegiality. These binds us together and helps us take long strides in our march towards excellence.

VISHAL HEGDE
Pro-Chancellor (Administration)

MESSAGE

Presenting the Annual Report is routine every year, but this year is significant by the fact that remarkable progress has taken place in our University in the last one year. We have been accredited with A Grade by NAAC and the Progress made almost in every sphere of activity is noteworthy especially in the field of research.

Any University depends on how well it has done and progressed in the field of research. With the NUCSER and a separate Directorate formed with the new infrastructural facilities coming up, we are visualizing a greater leap in the field of research. The teamwork under the captainship of our Chancellor which has made all this possible. Let us march forwards with greater vision, strength and vitality.

.

Prof. (Dr.) M. Shantharam Shetty
Pro-Chancellor (Hosp.Mgmt. & Medical PG Studies)

MESSAGE

We are drawn to Nitte University as an intellectual destination because of a distinctive culture and environment where accomplished and promising scholars, ambitious students, and dedicated staff choose to pursue their highest aspirations. Our devotion to rigorous inquiry and an intense and open exchange of ideas, and our comfort with complexity and multiple perspectives, also make us an intellectual destination for those beyond the community on campus. Interesting thinkers, many alumni, and those with particular experiences and perspectives, whether they come as faculty, students, staff, visiting scholars, or research fellows, or to speak on campus or participate in one of our workshops, add to the energy and constant flow of ideas and argument that are characteristic of the University.

The University is a trustee of the future and must contribute proactively towards creating a better future for all. None of this would be possible without the vision and generosity of the University's trustees, alumni, and friends, whose philanthropy has made a key contribution to the University's momentum.

Students are accompanied by education and the remarkable sense of community they will experience at this University. In our hallowed halls, faculty and distinguished scholars challenge each of our students to look beyond the ordinary, imparting new and reimagined perspectives into tender minds.

Prof. (Dr.) S. Ramananda Shetty
VICE-CHANCELLOR

MESSAGE

This academic year, we mark the completion of six years as a University and it is a matter of pride and satisfaction that we are now accredited with 'A' Grade by NAAC. Our accomplishments over last six years reflect the strength of our Vision, Mission, Core Values and Culture. Many ambitious initiatives enriched the University and strengthened our efforts to build a knowledge community. The academic and administrative freedom of these years has enabled the University to innovate in curricula, teaching, evaluation, research, publication, extension, student care, staff development and administration. During these years we have strived for the holistic development of our students, faculty members and other members of the staff. The University has made significant progress in academics and research with sincere and dedicated members of the faculty, support staff and most importantly, committed students. Excellent support from all the statutory bodies has helped us a lot in the accomplishment of our organizational goals.

As we place this Annual Report in your hands, we sincerely hope that with the support and cooperation of all the stakeholders, Nitte University would continue to march towards excellence in higher education in the years to come.

Balance Sheet

Nitte University

Nitte University has been established Nitte Education Trust which has in its fold 27 institutions spread on 3 campuses at Nitte, Mangalore and Bangalore. A centre of excellence in education and community service in Karnataka State, Nitte Health Care institutions are duly recognized by the Government of India. In June 2008 [vide MHRD Notification No. F.9-13/2007-U.3(A) dated 4th June 2008 by the Ministry of Human Resource Development (Department of Higher Education), Government of India] the Government of India conferred the status of Deemed-to-be-University.

The University has five constituent colleges and a Department, namely, K. S. Hegde Medical Academy A. B. Shetty Memorial Institute of Dental Sciences N.G.S.M. Institute of Pharmaceutical Sciences Nitte Usha Institute of Nursing Sciences, Nitte Institute of Physiotherapy and Department of Mass Communication & Journalism. All the constituent colleges are approved and recognized by the respective Central Statutory Councils. Nitte University has been accredited by NAAC with 'A' Grade and placed under category 'A' by the Ministry of Human Resource Development, Govt. of India.

With the strong commitment to social welfare and human empowerment, the University believes that education is complete only if we instill a sense of empathy in the students, by which they will understand the underprivileged sections of the society, thereby becoming men and women for others.

Infrastructure: The offices of Nitte University, are housed on the 6th floor of the Medical Sciences Complex. All the constituent colleges, namely, K. S. Hegde Medical Academy (KSHEMA), A. B. Shetty Memorial Institute of Dental Sciences (ABSMIDS), Nitte Gulabi Shetty Memorial Institute of Pharmaceutical Sciences (NGSMIPS), Nitte Usha Institute of Nursing Sciences (NUINS), Nitte Institute of Physiotherapy (NIPT) and the Department of Mass Communication and Journalism are housed in independent buildings with the best of infrastructure and amenities and are located on a sprawling campus of over 50 acres at Deralakatte and Paneer, Mangalore.

Accreditation

Nitte University is placed under category 'A' by MHRD vide letter No.F.9-26/2009-U.3(A)(Vol.5) dated 19-10-2012 and is ranked as category 'A' by NAAC with CGPA 3.11 grade points dated 25-10-2013.

Admissions:

The Nitte University has students from 21 states of India, USA, Middle East, Africa and Malaysia. Nitte University is a hub of different ethnic cultures and advanced centre of higher education. The admission to all courses is based on the marks obtained by the eligible candidates in the All India Common Entrance Test (NUPGET and NUUGET) conducted by Nitte University at 7 centres spread over the country. The procedure adopted for conducting the Entrance Test and seat selection is as per the guidelines given by UGC (for IDU) and MCI/DCI/AICTE. Admissions for 2011-12 were done as per the calendar of events specified in the brochure (prepared as per MCI /DCI/AICTE guidelines). The University offers 25% seats to the Karnataka CET. The time schedules are strictly adhered to, starting from announcement of Entrance Test till sending the list of selected candidates to MCI/DCI with the specified dates.

Counselling of PG courses

Examinations and Results:

The year 2013-14 saw the stabilization of the various examination processes. The examination processes may be broadly classified as Initial, Pre, During and Post Examination processes. In the Initial Examination processes the following have been streamlined

- Board of Studies approved Panel of Examiners for each subject.
- Building up of a question paper bank for the various courses.
- Moderation of question papers to ensure the quality and standard of the question papers.
- A stock book with predefined reorder level for question paper setting is maintained.

The streamlined Pre-Examination processes begin with

- Drawing a question paper from the moderated question paper bank, typesetting and formatting it.
- Checking the question paper for correctness of English and grammar.
- Printing the required number of question paper copies and packeting them with appropriate Faculty, course, date wise and title wise label.
- Collecting the examination fee from eligible students.
- Issuing Hall Tickets
- Appointment of the Chief Superintendent for the conduct of examinations.(A norm is usually followed that the Chief Superintendent appointed is other than the exam going students' institution.)
- Appointment of an Observer for the smooth and fair conduct of the examination.
- Handing over the question paper packets bundled date wise to the Chief Superintendent.

The Examination process involves the following activities

- Subject experts have a final look at the question paper to check for errors, if any. In case there are some minor corrections, they are announced in the examination hall for students to correct the same.
- Monitoring of the conduction of theory examination with the CCTV cameras in the examination hall.
- Introduction of a single answer booklet for writing the examination. No supplements are given.
- The Observer is also asked to submit a subject wise consolidated absentee list for each course for which exams are conducted along with the Observer report. This report is used before the results are processed.

The Post Examination processes' streamlining includes

- Receiving answer scripts and tallying the numbers with the candidates present for the examination.
- Coding and double valuation of the answer scripts.
- Processing and publishing the results.
- Online provision of retotalling and /or photocopy of the answer script.
- Issue of marks cards, provisional degree certificates and degree certificates.

The list of examinations conducted during the year and the analysis thereof is annexed herewith. Apart from these exams the pre Ph.D. course work examinations were conducted twice, once in June and once in December. The Ph.D. entrance exam was conducted in June. In addition, the Ph.D. thesis are sent for adjudication to three examiners (one within India, one outside India and the guide) as and when the candidates submit their thesis.

External funded Research-on going

1. A comparative evaluation of micronutrient levels in serum of DM type II patients and healthy individuals **Principal Investigator** Dr.Manavi Prabhu. Guide: Dr Sharath K.S. – ICMR – Rs 25,000/-
2. Association between generalized chronic periodontitis and hyperlipidemia – A case control study - **Principal Investigator** Pooja M R Guide: Prof.Dr. Amitha Ramesh – ICMR
3. In Vivo study of DNA damage on buccal mucosal cells by the treatment with various types of fixed orthodontic appliances” - Prof.(Dr.) U.S.Krishna Nayak – ICMR - Rs 10,00,000/-
4. Cytotoxicity Of Orthodontic Adhesives” - Prof. Dr. Ravi M.S- Board of Research In Nuclear Sciences, Government of India - Rs 13,06,000/-
5. Ion release from NiTi orthodontic wires in artificial saliva with various acidities -An Invitro study - Ms.Cynthia NunesGuide:Prof.(Dr.) U.S.Krishna Nayak – ICMR - 10,000/-
6. Modulatory effect of radiation on restorative and endodontic materials - Prof. (Dr.) Mithra N. Hegde - Board of Research in Nuclear Sciences (BRNS) - 16,91,000/-

7. Comparative Evaluation of saliva and dental caries in HIV +ve patients – as in vivo study” Prof. (Dr.) Mithra N. Hegde and Senior Research Fellow, Dr. Amit Malhotra- Letter No. 3/1/(15) oral /10/NCD-II dated 29/11/2010 of Indian Council of Medical Research Ansari Nagar, Post Box 4911, New Delhi – 110 1029 - Rs. 9,24,000/-
8. Comparative evaluation of the effect of new age remineralizing agents on enamel surface hardness; and in-vitro study. - Pooja MR Under the guidance of Prof. (Dr.) Darshana Devadiga (2014) - Rs. 10,000/-
9. Evaluation of peri implant bone level around implants with standard abutments and platform switched abutments-a clinical study - Prof.(Dr) Chethan Hegde Guided by Prof.(Dr) Manoj Shetty -M.I.S.,Israel- Rs.4,00,000/-

Projects started in 2013-14:

1. Myeloperoxidase Levels in the Serum and Saliva of Patients with Squamous Cell Carcinoma- A Biochemical Study -Miss Varsha Ravi GuideDr Vidya Ajila- ICMR-STs -Rs 10,000/- (OMR)
2. Clinical Evaluation of the effect of Gutkha (Smokeless tobacco)use on Oral Hygiene status and periodontal health - Principal Investigator-Ms.Madhura Guide:Dr.Nina Shenoy – ICMR - Rs.10000/-
3. Comparative analysis of the severity of periodontal disease among elderly males with different levels of physical activity - Principal Investigator-Mr.Smeet Gusani Guide-Dr.Smitha Shetty - ICMR -Rs.10000/-
4. Salivary Lactate Dehydrogenase as a Prognostic Marker in Oral Squamous cell carcinoma Patients following surgical therapy - Ms. Varsha Pathiyil - Dr. Audrey Madonna D’Cruz - Indian Council of Medical Research - Rs. 10,000

Ph.D awarded:

1. Dr Shishir Ram Shetty completed Ph D in May 2014 under NITTE University titled “Status of antioxidant and micronutrient levels in oral potentially malignant disorders and oral cancer.”

Ph.D Scholars:

1. Dr. Amitha M. Hegde Sr. Prof & HOD. Effect of Fads Gene Variants on Fatty Acid Synthesis and Brain Development in India.
2. Dr. Anitha Dayakar - Prof. (Dr.) Pushparaja Shetty- An Immunohistochemical Study of Differential Expression of p53, p63 and p73 in Oral Epithelial Dysplasia and Oral Squamous cell Carcinoma
3. Dr. Muzammil - Prof. (Dr.) Pushparaja Shetty- A Study to Identify the presence of telocytes and expression of their markers in the gingival tissues from the periodontally health and diseases individuals.”
4. Dr. U.B Rajasekaran - Dr.U.S. Krishna Nayak -Effect of drugs on Orthodontic Tooth Movement- An in Vitro Study
5. Dr. Ravi M.S - Prof . Dr. Rajendra Prasad - "Evaluation of Dento facial characteristics and assessment of fibroblast Growth factor Receptor (FGFR) Gene by PSR in individuals with different mid facial skeletal morphologies
6. Dr. Dilip Daniel Quadras - Dr.U.S. Krishna Nayak - “In vivo study on DNA damage in buccal mucosal cells and release of metal ions by treatment with fixed orthodontic appliances ”
7. Dr. Murali P.S - Dr.U.S. Krishna Nayak - Evaluation of mandibular morphology and the association of Muscle Segment Homeobox Gene in individual with mandibular Retrognathia
8. Dr. Soumi Samuel - Dr. Rajendra Prasad -Research Leading to Ph.D Degree - Assessment of lifestyle of parents in incidence of oro facial clefts.
9. Dr. Vianaya Bhat - Dr. S M Sharma - Characterization of herbal antifungal agent-Origanum Vulgare, with special presence to its anti-enzymatic activity & biofilm inhibiting ability on clinical isolates of candida albicans
10. Dr. Savitha Sathyaprasad - Dr. S M Sharma - Gene environmental factors in etiology of non-syndromic cleft lip with or without palate

BEST PRACTICES AND INNOVATIONS

a) Best Practices

- Rain water harvesting
- Energy conservation
 - Building designed to permit maximum natural light
- Carbon neutrality
 - Use of individual vehicles in the campus discouraged
 - Tobacco/cigarette free campus
 - Green cover in the campus with afforestation initiatives
- Plastic free campus

b) Innovations

- Integration of theoretical concepts into practical studies
- Computer simulated animal experimentation
- Soft skill development programmes
- Library based assignments
- Interactive seminars by the students
- Small projects for III year and IV year students with objective of exposing the students research methods
- Shuffling the subject/topics within the department between teachers
- Journal club concept
- Quality audit of research proposals
- Workshop on research methodology to PG students- a yearly programme
- College news letter (bulletin) – alternate method of documentation

INFRASTRUCTURE

NITTE USHA INSTITUTE OF NURSING SCIENCES

Prof.(Mrs) Fatima D'silva
Principal

Brief about the institution

Nitte Usha Institute of Nursing Sciences, a constituent college of Nitte University is well known for its quality nursing education and clinical training programs. The prime focus of this institute has always been developing competent professionals with high a degree of credibility, integrity and human concern. The institute offers 2 years MSc(N), 4 years BSc(N), 3 ½ years GNM(N), 2 years PBBSc(N) and 1 year certificate courses in critical care, orthopaedic, dialysis and operation room nursing with an annual intake of 35, 100, 60 and 10 students respectively. These courses are approved and recognised by statutory bodies like the INC, KNC and the Nitte University. Apart from academics, exceptional clinical training is provided to our students through a full fledged 1200 bedded super speciality parent hospital. This institute has constantly made efforts to look for innovative ways to adapt, upgrade and improve the educational process. Thus on 26th Oct 2013 this distinct institute was accredited with 'A' grade by NAAC. Reaching high standard of quality is a huge task, while sustaining and enhancing it is equally important and challenging. The challenge to sustain standards was met by a team of competent and dedicated faculty comprising of 21 post graduate faculty and 30 undergraduate faculties, and is reflected in all the initiatives taken by the College this year.

On 20th March 2014, this institute celebrated its Bi-decennial day by honouring the teaching and the non-teaching faculty who had rendered their selfless service to this organization.

Faculty Strength : The institute has an excellent team of competent and qualified teachers consisting of 4 Professors (including Principal & Vice-Principal) 3 Associate Professors, 3 Asst. Professors, 11 Lecturers and 30 Asst. Lecturers.

Student Monitoring

A very active Teacher guardian system is functioning in the college wherein any academic, personal or health issues of students are addressed. In addition to this a full time counsellor is also available at KSHEMA hospital. Student attendance as well as progress is specifically monitored by class co-ordinators/subject co-ordinators and informed periodically to parents through an online system known as Chaitanya.PTA meetings are also conducted to discuss student related issues. Weaker students are identified and provided remedial coaching through special classes as well as student identified mentors.

Board of Studies and Curriculum Development

Institute follows the curriculum as per the statutory norms. It also has a committee (Board of Studies in Nursing) established in the college. Quarterly meetings are conducted and various issues related to curriculum planning and evaluation is addressed in the meetings. Syllabus revision in consultation with departmental heads and subject experts, finalizing the panel of examiners, innovations in teaching and learning, developing of syllabus for various courses, structuring of evaluation tools are few of the initiatives undertaken in the BOS meetings.
