The *Immortal*

Justice K. S. Hegde

Founder, Nitte Education Trust

Kowdoor Sadananda Hegde, born in Kowdoor village of Karnataka State, completed his early education at Karkala and Mangalore. Thereafter, he obtained a degree in Economics from the Presidency College, Madras and a degree in Law from the Government Law College, Madras.

K.S.Hegde began legal practice at Karkala in 1936, after which he moved to Mangalore, where he was appointed as Public Prosecutor of South Kanara District in 1948. He was elected member of the First Council of States (now known as the Rajya Sabha). In 1954, he represented India at the General Assembly of the United Nations. He then became a judge of the Mysore High Court. In 1966, he was appointed as the first Chief Justice of the Delhi and Himachal Pradesh High Court. He held this office till he has elevated to the post of Judge of the Supreme Court of India in 1967.

A man of integrity and strong values, Justice K. S. Hegde resigned from the post of Judge of the Supreme Court in 1973 in protest against the supersession of senior judges in the appointment of the Chief Justice of India. In 1977, he won the election to the Lok Sabha and was elected Speaker of the Lok Sabha, an office he held till 1980.

After a distinguished career spanning over four decades, Justice K. S. Hegde retired from public life and settled at Nitte to relentlessly work for the upliftment and empowerment of the rural people. He passed away on May 25, 1990.

Always in pursuit of truth and excellence of human endeavour, Justice K. S. Hegde began a journey of exploration that continues with Nitte Education Trust and Nitte University.

Message

N. V. Hegde

Chancellor

University education is a critical component of human development worldwide. It provides not only the high level skills necessary for every labour market but also the training essential for teachers, doctors, nurses, civil servants engineers, humanists, entrepreneurs, scientists and a myriad of other personnel. More than that, universities offering higher education have the responsibility of preparing our youth for a celebration called 'Life'.

We at Nitte (Deemed to be University) believe that higher education is vital in today's contemporary knowledge economy. Quality education can contribute a lot towards building competitive advantages to individuals and organisations and therefore, to nations. Hence, Nitte as a group of educational institutions puts 'Quality' at the centre of its decisions, so that student centric quality education delivery processes could be established in all the institutions run by the group.

Thanks to the efforts of the entire family of Nitte, I am happy to note that the university has been ranked 77th in the overall ranking of Universities of the Country by the National Institutional Ranking Framework (NIRF) - 2018. Similarly, in the professional rankings, all our institutions have ranked high, making us proud of their achievements.

I am confident that my colleagues at the university would bring many more laurels in the days to come and the Annual Report 2017-2018 would provide enough inspirations to excel.

Message

Vishal Hegde

Pro-Chancellor (Administration)

The Annual report of Nitte University is being released. The Nitte University has grown to be a university imparting quality education in India. All constituent colleges have worked in synergy which has contributed to the overall development of Nitte University.

I wish the university all the best for future years

Message

Prof. (Dr.) M. Shantharam Shetty

Pro-Chancellor
(Hosp. Mgmt & Medical PG Studies)

Ten years in a University's life is an important landmark, a landmark to evaluate what we have achieved and what is our vision for tomorrow. It is not enough if we keep running, but what is important is to run faster to reach our goals or our aim. Our Chancellor has been the driving force for all of us and let us march forwards firm in our faith and sustained in our confidence to herald our University to be one of the top ranking universities of the world.

Message

Prof. (Dr.) Satheesh Kumar Bhandary
VICE-CHANCELLOR

Nitte (Deemed to be University) is an intellectual destination of distinctive culture and environment for ambitious students, promising scholars and dedicated staff to pursue their highest aspirations. It is a place where talent is allowed to flourish, where innovation is encouraged and supported. Like every year since 2008 when we came into existence, we are proud to present our 10th Annual Report, an opportunity to review our present and consider our future strategy.

In this report, you will read about the achievements of our outstanding students and staff, working together in a university dedicated to the needs of society – an institution that is making strides in education and research and providing a life-changing experience for all those who study here.

I extend my best wishes to the students and faculty who are a part of our University and to those who seek to join us in our mission to develop Nitte (Deemed to be University) as a Centre of Excellence imparting quality education, generating competent, skilled manpower to face the scientific and social challenges, with a high degree of credibility, integrity, ethical standards and social concern.

Message

Prof. Dr. M.S. Moodithaya
PRO VICE- CHANCELLOR

The Annual Report of Nitte (Deemed to be University) is an important document presenting a detailed account of the activities and accomplishments of the University during the year passed by. It provides an insight in to the curricular, co-curricular and extracurricular activities of the University and its constituent colleges, including the annual financial statements. It is a matter of great pride and satisfaction that based on our performance on various parameters, Nitte (Deemed to be University) is ranked at 77th position by the National Institutional Ranking Frame work (NIRF) 2018.

I wish to thank our colleagues for their support in all the university activities and congratulate them for taking the university to greater heights by working towards excellence in teaching, research and extension activities.

Message

Prof. Dr. Alka Kulkarni
REGISTRAR

Relevance of higher education to national needs is a growing concern. Higher education like any other component of service sector, not being immune to the forces of globalization, is reaching through its research in most of the Universities. There has been a steady change in the demands of the society due to changes in the economy. Pursuing higher education may help the students to become more sensitive to cultural differences and be able to respect the beliefs of all types of people. After completing a college degree, they will have a broader set of career options, which often leads to increased personal choice and freedom.

There is a strong need for flexible, innovative learning approaches and delivery methods to improve quality and relevance while expanding student numbers. One key way of achieving this is to exploit the transformational benefits of ICTs and other new technologies to enrich teaching, improve learning experiences and support personalised learning.

The Universities are expected to match the demands of the society. Education should emphasize on the social, moral, aesthetic and spiritual side of the human personality and the vision and mission of Nitte (Deemed to be University) is in line with this. The Annual Report of this year will disclose the achievements and the activities of the constituent colleges and the University as a whole.

INMAS DRDO one of important laboratory which has established the bio-dosimetry assay has identified K.S.Hegde Medical Academy as centre to organise a three day workshop on "Biodosimetry" at Central Research Laboratory(CRL), KSHEMA under the Department of Radiation Oncology Jointly with Institute of Nuclear Medicine and Allied Sciences(INMAS) Delhi under the auspices of "Indian Society for Radiation Biology (ISRB)" to be held on 4th to 6th May, 2017. In the absence of a physical dosimetry device, estimating an individual's radiation dose requires some type of biological dosimeter. The Biodosimetry method approved by International Atomic Energy Agency (IAEA) and WHO based on is dicentric chromosomal assay (Gold standard) using peripheral blood drawn from individuals exposed to radiation. This gap can be filled by dicentric chromosomal assay. This workshop is aimed at radiation physicists, dosimetrists, radiation oncologists, radiation therapists, medical Faculty, Undergraduates, Post graduates and PhD Research Scholars. The following eminent speakers delivering lectures and provides the participants a hands on exposure to the various techniques used in the Bio-dosimetry during the three days workshop.

Innovations

Curricular aspects

- | Integration of Ethics and Humanities into MBBS curriculum
- | GramaKshema:
 - a program for MBBS students to provide early and continued exposure to community health issues
 - It provides opportunities for MBBS students to gain first-hand knowledge of the health care needs and public health issues in rural communities.

Teaching-Learning

- | Structured Skills Training Program for UGs:
 - Provide effective training in essential clinical skills in NU MEDISIM (skill lab and simulation center)
 - Provides a crucial preparatory training for medical students before patient-based training – enhances patient safety as well
 - NU MEDISIM: The institute has a skill lab and simulation center which is used for training of undergraduate and postgraduate medical and paramedical students in basic surgical skill like suturing, intravenous cannulations, catheterization, Laparoscopy training and microvascular surgeries. This lab is also equipped with facilities and advanced manikins for training basic life support and advanced cardiac life support.
- | KSHEMA Integrated Training and Education (KITE) for vertical and horizontal integration in teaching-learning, which was initiated in January 2013 has so far developed and conducted 8 integrated modules. Horizontal & Vertical integration of the medical subjects are taught at all the three phases (preclinical, paraclinical & clinical) of MBBS with their clinical application
- | Structured Clinical Skills Orientation Program for Interns
- | Peer Assisted Checklisted Training (PACT) - It is a clinical skills training tool where a student takes turns performing, observing and being subjects for the practice of clinical examination skills. Checklists are used to provide immediate feedback to trainees by the peer observers. Repeated practice / observation with feedback under different roles helps in reinforcing the learning of skills.
- | Course Webpages for E-Learning resources (NUeLearn)

NUeLearn : is an initiative of Nitte University to develop and provide eLearning resources to its students. NUeLearn is an online platform for facilitating interaction amongst learners and instructors beyond

the confines of the classrooms and laboratories. Participating teaching departments aim to develop online content which supplements conventional learning material and provide opportunities for self-directed learning and assessment. The platform also provides tools for collaboration for research and other academic projects.

NUeLearn is currently deployed for First and Second Year MBBS students with course pages for pre- and para-clinical subjects. It is expected to be deployed across all the Institutions of Nitte University in a phased manner.

Evaluation

- | Exit Evaluation for Interns
- | Centralized Conduct of Internal Assessment Tests
- | Annual Internal Assessment for PGs
- | OSPE / OSCE in formative and summative Examination

Extension

- | Sandhya – Day care facility for senior citizens
Pick-up and drop, Recreational facility, Health care
- | Manasadhara- Phyciatric day care facility
- | Kreedakshema - Sports and fitness awareness for school and college students
- | Body Donation Program for Medical Education
- | Bone Marrow Registry

Student support and participation

- | **Abhyudaya** – Peer Support System for Students: It is a student initiative which aims at a multifaceted student oriented innovative learning programme put forward by the III MBBS students of KSHEMA. The programme aims at providing peer-to-peer mentorship in which each junior will be personally guided by a senior which will enable a better focus on the junior's specific problems in learning the subject. This initiative also aims at providing the interested students a greater access to the skills lab through additional 'skills learning sessions'. It also aims at organizing short term interactive sessions with experienced personalities and eminent professors, a way of viewing the medical field in a new angle.
- | **Mission Hope** – Student lead charity activities

Health Care apps:

- Beat Diabetes
- Oncotip (Cancer awareness app)
- Janani kshema (pregnancy tracker app):

Governance

- | **KSHEMA info GateWay (KiGW)**– Academic Information Management System:
- | **Softwares for administrative purposes-**
 - u **Chaitanya:** tracks student attendance and performance
 - u **Praptha:** College admissions & fees
 - u **Niketha:** Hostel fees & rent
 - u **NACS:** NITTE accounting computation system

Infrastructure

- | Structural facilities including sophisticated equipments added during 2017-18.
- | Two of the class rooms at the academy building is renovated with state of art audio visual equipments and eLearning facility.
- | An area of 11,000 sq.ft. is constructed at the academy block with Medical Education Unit, Demonstration room and seminar hall and the boys common room.

Best Practices

Two Best Practices of the Institution:

Title of the practice:

1) **DIGITIZED PATIENT MANAGEMENT SYSTEM**

- a) Radio Frequency Identification Cards (RFID)
- b) FREEDENT software

Objectives of the practice

- a) To track and monitor the treatment of the patient in each department on a real time basis to avoid delay in patient treatment.
- b) To improve the patient inflow to the dental hospital.
- c) In case of any delay, the cause can be identified for remedial action.
- d) To maintain a digital count and record of the patients treated in the dental hospital on a day to day basis for storage, data archiving and retrieval.

The Context

RFID was initiated with the purpose of recording the time spent by the patient in the respective departments he/she is referred for the needful treatment.

The Freedent software was introduced to maintain a digital record of the patient's case sheet. If the patient's case file (hard copy) is misplaced, the details can be retrieved by the software.

The Practice

Following registration at the reception, a photograph of the patient is taken. The patient is then issued a RFID card, bearing the registration number, name, age and photograph of the patient.

On arrival of the patient to any department, the RFID card is swiped IN and the date and time of the arrival is recorded. Following the treatment in the respective department, RFID card is swiped OUT for recording the exit time from the department. The card is useful to analyse the time spent by the patient in each department.

The detailed case history of the patient is recorded in the case file (hard copy), which is then transferred digitally to the Freedent software.

Evidence of Success

- 1 RFID cards enables maintenance of a digital count of the patients treated in the dental hospital on real time basis. The identity of the patient and duration of treatment be tracked at every stage in every department at any given point in time. An increase in the patient inflow of 8 % was reported following the introduction of the RFID cards. The digital records (Freedent) helps in documentation, archiving and retrieval of patient data.

Problems Encountered and Resources Required

Due to technical difficulties, swiping IN and OUT sometimes does not happen effectively. Sometimes the RFID card does not get recognized during swiping of the card. Occasionally, the technical difficulties and network issues result in inability to update the digital details (Freedent) of the patient. Periodic meetings are held with Principal and IT in-charge of Nitte Deemed to be University, to review the process and discuss the means for further improvement

2) ORAL HEALTH CARE DELIVERY AT THE DOOR STEP – AN INSTITUTIONALISED APPROACH

Objectives of the practice:

The Dental Rural Satellite Centers of A B Shetty Memorial Institute of Dental Sciences have been established to reach the rural population with the objective of creating health awareness, accessibility, availability and affordability by providing Comprehensive dental care free of cost or at a nominal cost to the patients in the underserved areas at their door steps.

The context :

The rural areas in and around Dakshina Kannada with remote villages do not have access to basic oral health care. A large population belong to low socio-economic group who cannot afford even the basic transport charges to the dental college and lack of awareness among the population regarding the oral health has led to the development of this unique practice.

The practice:

The centres facilitate dental students to experience professional and interpersonal relationships between dentists, allied dental professionals and patients. They bridge the gap between the discipline based educational environment at college and the independent environment of a dental practice.

Since the inception of the Department of Public Health Dentistry in the year 1986, the first Dental Rural Satellite center was established at Sringeri in 1991. Rural areas around the institution were selected progressively every year to establish satellite centres. Presently there are 17 satellite centres in a radius of 150 kms from the college which includes districts of Kodagu, Chickmagalur, Udupi, and North Kerala. Out of these 17 centres, 15 centres are functioning on daily basis, 2 centres through camps conducted once in 15 days. These centers cater to the oral health needs of the people in the radius of about 50 to 100kms around them.

The centres are visited periodically and monitored by the Department of Public Health Dentistry. The centres are upgraded in its facility, infrastructure and equipment phase wise. Presently all the centres are equipped with fully functioning dental chairs and other equipment.

Through the centers ,numerous outreach programmes are conducted to create awareness among the different kinds of population around the center. The nearby schools in the vicinity of the centers are given oral health awareness through health education talk, free oral screening and treatment, distribution of oral hygiene kit, conducting essay, skit competitions and quiz related to oral health. In association with local grama panchayath, house to house surveys are conducted to create awareness about oral health and oral cancer. Street plays are conducted to enlighten about general health, cleanliness, sanitation, ill effects of tobacco and alcohol.

The centres maintain the patient records through FreeDent Online Software and are provided internet connection through LAN or Mobile.

Evidence of success

This initiative of the institute is successful and popular efficiently catering to the dental health care needs of the rural population .The increase in the patient statistics depict the effective functioning of the centres creating improved awareness among the population. The centers which set out to provide only basic treatment needs has progressed to even to provide specialty treatment needs like Orthodontics, Endodontics, Maxillofacial surgery, Pedodontics, and Fixed prosthesis.

Through the DANTHABHAGYA scheme of Government of Karnataka hundreds of edentulous patients were given a reason to smile by the dentures delivered from college and Rural Satellite Centers free of cost for Below Poverty Line (BPL) patients. The Government has recognized and appreciated the same.

The Ministry of Health, Government of Karnataka recognized service to the community provided by our Institution and invited for extension of our services to one of the Primary Health Centre at Nellyadi.

Problems encountered and resources required- The resources and maintenance is provided from the college at Mangalore and due to the distance it is difficult to address their problems immediately

Hegde and supported by Prof (Dr.) Vabitha Shetty, Prof. (Dr) Rajmohan Shetty, Prof (Dr.) Manju R, Dr. Amarshree Shetty, Dr. Nikita Lolayekar and Dr. Mohammed Shaji were happy to celebrate Pedodontist's Day and Children's day on 14th November, 2017 at the glass house premises of college campus.. The programme was inaugurated by Prof (Dr) U.S. Krishna Nayak, Principal and Dean of A.B. Shetty Memorial Institute of Dental Sciences. 30 differently abled children had been invited from different schools of Mangaluru to be a part of the celebrations. The inauguration was done by watering the saplings, imparting a message to promote nature and plant trees. This was followed by the games conducted for children, and the games promoted the message of oral hygiene maintenance and consumption of healthy food. Children were given stationery sets, box of crayons and fruits for refreshments. They were also given saplings to plant it in their school to promote nature. We were privileged to give a printer to Sri Ramakrishna School, Harekala Principal, Mr. Ravindra Shetty for the event by our interns. It was a very interactive event that promoted awareness regarding oral health as positive reinforcement.

World Disability Day CELEBRATED

Department of Pedodontics and Preventive Dentistry celebrated the World Disability Day on 3rd December, 2017 in KSHEMA Auditorium, A.B. Shetty Memorial Institute of Dental Sciences, in association with the Nitte- Special Child Care (N-SPECC) Centre and Sarva Shiksha Abhiyana, Mangalore South Zone, Government of Karnataka. N-SPECC is Nitte Special Child Care project initiated by Nitte University in association with Sarva Shikshana Abhiyana with a vision to provide the best of multidisciplinary treatment free of cost for children with special health care needs. A merry visit by Santa Claus, which was followed by distribution of cake in light of the season.

NITTE GULABI SHETTY MEMORIAL INSTITUTE OF PHARMACEUTICAL SCIENCES

Prof. Dr. C. S. Shastry
Principal

About the Institution:

Nitte Gulabi Shetty Memorial Institute of Pharmaceutical Sciences (NGSMIPS), established in 1983, is a constituent college of Nitte (Deemed to be University). The college has been the quintessence of quality education in pharmaceutical sciences for over three decades and has remained the first choice among the student aspirants of pharmacy education for diploma, graduate, postgraduate and doctoral programmes.

The college owns and offers an excellent learning ambiance, state of the art infrastructure and above all a dedicated team of able and experienced faculty members who share common vision and core values that bring us together as a “Pharmily”. The Pharmacy Practice Department and the Pharmacovigilance Department at the 1200 bed super specialty K. S. Hegde teaching hospital cater to the clinical training of the Pharm.D and M.Pharm students. Pharmacy education at NGSMIPS embeds a strong research driven culture which is evident from the publication and research grants secured by the college from various funding institutions. Regular seminars, workshops, guest lectures and conferences provide much needed beyond the classroom experience to the students.

The broad-based pharmacy education at NGSMIPS equips students for employment in a wide variety of health care settings: In the pharmaceutical Industry-in the areas such as R & D, manufacturing, Quality control, Quality assurance, packaging, regulatory affairs, clinical research; In pharmacy practice settings – hospital & community pharmacy, clinical pharmacy, patient counseling and clinical research; In academics and research.

NGSMIPS has been the springboard for an illustrative list of highly qualified and successful pharmacy professionals in India and abroad. The alumni has carved a niche in the health care and pharmaceutical settings holding top positions of authority and responsibility in academic institutions, industry and quite a few have set up their own industries or businesses.

NGSMIPS Milestones

- | 1983: Introduction of D.Pharm course at Nitte. The first professional college to start under Nitte Education Trust.
- | 1984: Introduction of B.Pharm course under Mangaluru University
- | 1991: Introduction of M.Pharm. courses in Pharmaceutics and Pharmaceutical Chemistry

- | 1996: The college comes under Rajiv Gandhi University of Health Science, Bangalore
- | 1998: Ph.D. Programmes in Pharmaceutical Sciences under RGUHS
- | 2000: Introduction of M.Pharm. in Pharmacology
- | 2009: Becomes a constituent college of Nitte University
- | 2010: Introduction of M.Pharm. in Pharmacy Practice
- | 2011: Introduction of M.Pharm. in Regulatory affairs and Quality assurance
- | 2012: Introduction of Pharm. D. course
- | 2015: Introduction of Pharm.D (PB)

ACADEMICS

Student Monitoring & Mentoring

The students, on admission to the programme are assigned to a faculty member as their mentor. These faculty members shall remain their mentors throughout their study in the institution. **Each staff member will be the mentor for about 15 students.** They will be counselling the students regularly. **The faculty should record atleast three counselling session with the students in a year.**

The counselling record contains details such as

- | The students' personal details such as address, parents' details and contact numbers, economic background etc.
- | Performance in internal and final examinarios
- | Attendance report
- | Special achievements by the student

Resonsibilities of the counsellors include

- | Identifying strengths and weakness of the student and work for his srengths. Providing the guidance in selecting the jobs/ higher education

- | Motivating the B.Pharm students to take GPAT examination and go for higher studies. Guiding the students to excel is very crucial.
- | On completion of the course, recording the future plans and communicate to the placement cell.
- | Motivating the students to take up minor research work/article writing/community service/field studies/industrial training etc. which will ensure value addition and provide competitive edge. Needless to say, all these activities should be documented.
- | Minimum of three counselling for annual scheme students per year and two counselling for semester scheme students per semester should be made (after each internal assessment examinations)

The class teachers

- | Select the class representatives
- | Take the regular feedback from the students and class representatives about their difficulties and problems and discuss with the principal periodically
- | Verify the statement of marks and attendance of the students after each sessional examination before sending to the parents
- | Interact with parents/guardians of the students as and when necessary.
- | Inform the principal if any student is not attending the classes/practicals/tests etc.
- | Monitor the implementation of college rules such as dress code.
- | Organize small educational tours, picnics, class level cultural, sports, literary and academic programmes which will break the monotony of the class and give small prizes.
- | Recognize the students with learning difficulties and chalk out programmes to assist them.
- | Submit a report of curricular, co curricular and extra-curricular activities of their class thrice (within a month of each sessional examination) a year and document the same.
- | Document all the activities however small it may be and maintain the records

Board of Studies and Curriculum Development:

In the academic year 2017-18, one meeting of Board of Studies in Pharmacy was held on 17th February 2018. The following agenda were discussed and ratified:

1. Addition / Revision of Panel of examiners for UG and PG courses. The panel of examiners for B.Pharm and M.Pharm was presented and approved
2. Introduction of uniform syllabus of Modern Pharmaceutical Analytical Techniques (MPAT) in I Semester M.Pharm in Pharmaceutical Chemistry, Pharmaceutics, Pharmacology and Pharmaceutical Quality Assurance specializations. It was resolved to follow the uniform syllabus for Modern Pharmaceutical Analytical Techniques (MPAT) was proposed. The topic suggested for different specialisations of M.Pharm namely Pharmaceutical Chemistry, Pharmaceutics, Pharmacology and Pharmaceutical Quality Assurance were merged. The revised syllabus is within the guidelines of the Pharmacy Council of India. The external member suggested to send the copy of revised syllabus and proceedings of the BOS meeting to the Pharmacy Council of India for information
3. Conducting separate practical examination for Modern Pharmaceutical Analytical Techniques (MPAT) in M.Pharm Pharmaceutics, Pharmaceutical Chemistry, Pharmacology and Pharmaceutical Quality Assurance specializations. It was resolved to conduct separate practical examination for Modern Pharmaceutical Analytical Techniques (MPAT) in M.Pharm Pharmaceutics, Pharmaceutical Chemistry, Pharmacology and Pharmaceutical Quality Assurance specializations was approved. The question paper pattern for end semester practical examination, sessional practical examination & scheme for awarding continuous assessment was presented and approved.

Curriculum Development:

Credit based semester scheme was introduced in M.Pharm program during the year. The syllabus suggested by Pharmacy Council of India was adopted.

81.	Dr. Jane T Jacob	24 th ISCB International Conference (ISCBC -2018) Frontier Research in Chemistry & Biology Interface organised by Dept. of Chemistry, Manipal University, Jaipur	11-13 January 2018
82.	Dr. K Ishwar Bhat	International Workshop on Vibrios in “One Health” held at Centre for Science Education and Research, Nitte – Deemed to be University, Mangalore	12 January 2018
83.	Dr. B C Revanasiddappa	International Workshop on Vibrios in “One Health” held at Centre for Science Education and Research, Nitte – Deemed to be University, Mangalore	12 January 2018
84.	Dr. K Ishwar Bhat	National Seminar on Recent Trends in Pharmaceutical Sciences, Pharma – Analytica – 2K18 held at National College of Pharmacy, Kerala	19-20 January 2018
85.	Dr. B C Revanasiddappa	National Seminar on Recent Trends in Pharmaceutical Sciences, Pharma – Analytica – 2K18 held at National College of Pharmacy, Kerala	19 January 2018
86.	Dr. Chinju Susan Chacko	The National Nutrition Conference – NUTRICON 2018 held at Justice K S Hegde Charitable Hospital, Deralakatte	19-20 January 2018
87.	Dr. B C Revanasiddappa	The National Nutrition Conference – NUTRICON 2018 held at Justice K S Hegde Charitable Hospital, Deralakatte	20 January 2018
88.	Dr. Pankaj Kumar	Two days hands-on workshop on Molecular Docking, Virtual Screening & Biologics Discovery organised by Dept. of Biotechnology, NMAM Institute of Technology, Nitte	22-23 January 2018
89.	Mr. Srinivas Hebbar	4 th Nirma Institute of Pharmacy International Conference on Innovation in Pharmaceutical Research by Interdisciplinary Approach held at Institute of Pharmacy, Nirma University, Ahmedabad	23-25 January 2018
90.	Dr. Jobin Jose	30 th Kerala Science Congress held at Govt. Brennen College, Thalassery	28-30 January 2018
91.	Dr. B C Revanasiddappa	National Symposium on Regenerative and Cancer Stem Cells organised by Stem Cell and Regenerative Medicine Division of Yenepoya Research centre, Yenepoya (Deemed to be University), Mangalore	1 February 2018
92.	Mr. Chandrashekar D	3 rd National Conference on Management of Modern Libraries (NACML) – 2018 on the theme “Transformation of Libraries for Tomorrow” organised by SEARCH – The Health Sciences Library and Department of Library & Information Science, Manipal Academy of Higher Education, Manipal	9-10, February 2018
93.	Mr. M Vijay Kumar	Annual Conference of Indian Pharmacological Society (IPSCON – 2017) organised by Shobhaben Pratapbhai Patel School of Pharmacy & Technology, Mumbai	15-16 February 2018

94.	Dr. B C Revanasiddappa	53 rd IHPA Annual International Conference 2018 on Skilling Pharmacists for Global Healthcare Challenges held at Rajiv Gandhi Kala Mandir, Ponda, Goa, India	17-18 February 2018
95.	Dr. Jainey P James	53 rd IHPA Annual International Conference 2018 on Skilling Pharmacists for Global Healthcare Challenges held at Rajiv Gandhi Kala Mandir, Ponda, Goa, India	17-18 February 2018
96.	Dr. Sneh Priya	53 rd IHPA Annual International Conference 2018 on Skilling Pharmacists for Global Healthcare Challenges held at Rajiv Gandhi Kala Mandir, Ponda, Goa, India	17-18 February 2018
97.	Mr. Bharatj Rak K C	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018
98.	Dr. Rajesh K S	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018
99.	Mr. Nandakumar U P	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018
100.	Dr. Jobin Jose	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018
101.	Dr. Sneh Priya	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018
102.	Dr. Jainey P James	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018
103.	Dr. Anoop Narayanan V	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018
104.	Dr. Himanshu Joshi	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018
105.	Dr. Gururaj M P	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018
106.	Mrs. Zeena Fernandes	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018
107.	Dr. Prasanna Shama Khandige	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018
108.	Dr. Ullas Prakash D'Souza	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018

109.	Dr. Prerana Shetty	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018
110.	Dr. Uday Venkat Mateti	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018
111.	Mr. Sandeep D S	National symposium on Recent Advances in Malarial Research held at K S Hegde Medical Academy	24 February 2018
112.	Mr. Shanon Ben Mascarenhas	National Seminar on Lab to Clinic: Approaches and Challenges in Drug Discovery, design and delivery at Mangalore University, Konaje, Mangalagangothri	23-24 February 2018
113.	Mr. Hemanth Kumar	National Seminar on Lab to Clinic: Approaches and Challenges in Drug Discovery, design and delivery at Mangalore University, Konaje, Mangalagangothri	23-24 February 2018
114.	Ms. Susmita Basak	National Seminar on Lab to Clinic: Approaches and Challenges in Drug Discovery, design and delivery at Mangalore University, Konaje, Mangalagangothri	23-24 February 2018
115.	Dr. Pankaj Kumar	National Seminar on Lab to Clinic: Approaches and Challenges in Drug Discovery, design and delivery at Mangalore University, Konaje, Mangalagangothri	23-24 February 2018
116.	Dr. Abhishek Kumar	National Seminar on Lab to Clinic: Approaches and Challenges in Drug Discovery, design and delivery at Mangalore University, Konaje, Mangalagangothri	23-24 February 2018
117.	Dr. Uday Venkat Mateti	One day seminar on Career Advancement through Professional Development and Personal Excellence at NGSM Institute of Pharmaceutical Sciences, Deralakatte	12 March 2018
118.	Dr. Chinju Susan Chacko	One day seminar on Career Advancement through Professional Development and Personal Excellence at NGSM Institute of Pharmaceutical Sciences, Deralakatte	12 March 2018
119.	Dr. Rajesh K S	One day seminar on Career Advancement through Professional Development and Personal Excellence at NGSM Institute of Pharmaceutical Sciences, Deralakatte	12 March 2018

Poster / Paper Presentation in Conferences /Seminars / Workshops

Sl. No.	Name of the faculty	Conferences / Workshops Attended	Paper / Poster Presentation Topic	Date
1.	Dr. Uday Venkat Mateti	One day National seminar on Role & Responsibilities of Pharmacist in Clinical Practice organised by Vaagdevi College of Pharmacy, Warangal	Role of Clinical Pharmacist in the Management of Chronic Kidney Disease	12.04.2017
2.	Mr. Ravi G S	International Conference on Novel Formulation Strategies held in Radisson Hyderabad HITEC City, Hyderabad	Lyophilized Phytosomal Nano Carriers of Rutin for Hepatoprotective Activity	20-21 April 2017
3.	Ms. Avril Candida Mathias	International Conference on Novel Formulation Strategies held in Radisson Hyderabad HITEC City, Hyderabad	Formulation of Nano Lipid Vesicles for the treatment of Rheumatoid Arthritis	20-21 April 2017
4.	Mr. Chandrashekar D	Two-day National Level Conference on Professionalism in Library & Information Services for User Empowerment: Opportunities & Challenges (PROFUSE 2017) organised by Dept. of Library & Information Science, Mangalore University, Mangalagangothri	Best practices in NGSM Institute of Pharmaceutical Sciences Library	27-28 April 2017
5.	Dr. Prerana Shetty	Tenth Annual International Conference on Clinical Pharmacology for Healthy Ageing	Antidepressant Activity of Anisomeles malabarica	30 th April – 1 st May 2017
6.	Dr. Nimmy Chacko	Tenth Annual International Conference on Clinical Pharmacology for Healthy Ageing	Antioxidant studies using Costus igneus leaf extract	30 th April – 1 st May 2017
7.	Mrs. Zeena Fernandes	Tenth Annual International Conference on Clinical Pharmacology for Healthy Ageing	Pharmacological screening of ixoracoccinealinn extract on learning and memory in rats	30 th April – 1 st May 2017

8.	Dr. Anoop Narayanan V	National Conference on Current Perspectives in Novel Drug Delivery Systems organised by Department of Pharmaceutics, PSG College of Pharmacy, Coimbatore	Nano Curcumin Films: Development and Evaluation of an Intra Oral Drug Release System for Treatment of Oral Thrush	16-17 June 2017
9.	Dr. Sneha Priya	National Conference on Current Perspectives in Novel Drug Delivery Systems organised by PSG College of Pharmacy, Coimbatore	Formulation and evaluation of Nanoemulsion of Quetiapine Fumarate for the treatment of Psychotic Disorders	16-17 June 2017
10.	Dr. Himanshu Joshi	International Conference on Medical, Biological and Pharmaceutical Sciences held at Bangkok, Thailand	Need to change the Vantage Point towards Laboratory Animals and Adopt Recreation as 6 th R	5-6 July 2017
411	Dr. Sneha Priya	Two-days National Seminar on Lipid Drug Conjugates in Drug Delivery organised by Dept. of Pharmacology, JSS College of Pharmacy, Mysore	Solid lipid nanoparticle of Ropinirole Hydrochloride for brain targeting: In-vitro-in-vivo evaluation	14-15 July 2017
12.	Dr. Jainey P James	Two-days National Seminar on Lipid Drug Conjugates in Drug Delivery organised by Dept. of Pharmacology, JSS College of Pharmacy, Mysore	Physicochemical properties and ADMET studies of some synthesised thiopyrimidine derivatives	14-15 July 2017
13.	Dr. Jobin Jose	4 th International Conference on Nanoscience and Nanotechnology (ICONN) 2017 held at SRM University, Chennai	PAMAM dendrimer based antileishmanial drug delivery system containing Amphotericin B	09-11 August 2017
14.	Dr. Uday Venkat Mateti	1 st Health NetIndia Meet organised held at ICICI Manipal Academy, Bengaluru	Outcomes Research	2-3 September 2017
15.	Dr. Uday Venkat Mateti	DST Sponsored two-days National Seminar on Recent Advances in Pharmacovigilance and Pharmacoepidemiology in India held at Vaageswari College of Pharmacy, Karimnagar	Role of clinical pharmacist in Evidence Based Practice	11-12 September 2017

16.	Dr. B C Revanasiddappa	National Conference on Reaching the unreached through Science and Technology: Recent Advances in Physical, Chemical, Mathematical and Biological Sciences for Energy, Health and Environment held at Mangala Auditorium, Mangalore University, Mangalore	Free radical scavenging activities of plumier activities	8-9 September 2017
17.	Dr. Abhishek Kumar	National Conference on Reaching the unreached through Science and Technology: Recent Advances in Physical, Chemical, Mathematical and Biological Sciences for Energy, Health and Environment held at Mangala Auditorium, Mangalore University, Mangalore	"Synthesis and Antimicrobial Evaluation of Some New Isoxazoline Incorporated Pyrrole Derivatives"	8-9 September 2017
18.	Dr. Pankaj Kumar	National Conference on Reaching the unreached through Science and Technology: Recent Advances in Physical, Chemical, Mathematical and Biological Sciences for Energy, Health and Environment held at Mangala Auditorium, Mangalore University, Mangalore	Synthesis and Biological Evaluation of Novel Substituted Pyrrolyl Chalcones	8-9 September 2017
19.	Dr. Jane T Jacob	National Conference on Reaching the unreached through Science and Technology: Recent Advances in Physical, Chemical, Mathematical and Biological Sciences for Energy, Health and Environment held at Mangala Auditorium, Mangalore University, Mangalore	Simultaneous estimation of antitubercular agents by UPLC	8-9 September 2017
20.	Mr. M Vijay Kumar	National Seminar on Applications of 4 Rs in Alternatives to Animal Testing held at JSS College of Pharmacy, Mysuru	Synthesis and in-vitro evaluation of novel pyrazolone derivatives	15-16 September 2017
21.	Dr. B C Revanasiddappa	National Seminar on Applications of 4 Rs in Alternatives to Animal Testing held at JSS College of Pharmacy, Mysuru	Pyrazolines as Potential anti-oxidant agents	15-16 September 2017
22.	Dr. Akhilesh Dubey	Kolkata Healthcare Summit – 2017 held at Science City Auditorium, Kolkata	Development and Investigation of Cuccumin Loaded Micro Emulsion for the Treatment of Fungal Infection over the skin	20-22 September 2017

23.	Dr. Himanshu Joshi	India-Japan Cooperative Science Programme on Non -mammalian Models in Biomedical Research: Current Status and Future Perspectives organised by Nitte University Centre for Science Education and Research, Deralakatte, Mangalore	Can leech be a good alternative to experimental frog?	5-6 October 2017
24.	Mr. Shanon Ben Mascarenhas	The 8 th Asian Association of Schools of Pharmacy (AASP) Conference held at Jagadguru Sri Shivarathreeshwara U niversity, Mysore	Development and evaluation of chitisan coated liposomes in microspheres *CCLIMs) of prednisolone for colon targeting	27-29 October 2017
25.	Dr. Anoop Narayanan V	The 6 th Asian Biomaterials Congress at Sree Chitra Tirunal Institute of Medical Sciences and Technology, Thiruvananthapuram	Mango Leaf Extract reduced silver nanorods elicit anticancer activity on colorectal carcinoma and breast cancer cell lines	25-27 October 2017
26.	Dr. Uday Venkat Mateti	ISPE's 10 th Asian Conference on Pharmcoepideology at University of Queensland, Brisbane, Australia	Impact of Patient Education on Interdialytic Weight Gain and Blood Pressure in Patients Undergoing Hemodialysis	29 October 2017
27.	Dr. B C Revanasiddappa	Two days National Seminar on Recent Advances in Drug Design using computational Chemistry Tools – case studies organised by JSS College of Pharamcy, Ooty	Pyrazolines as Potential antidepressant agents	4-5 November 2017
28.	Dr. Uday Venkat Mateti	ESMO Asia 2017 Congress held at Singapore	509P: Assessment of chemotherapy induced febrile neutropenia in cancer patients: A prospective observational study in South India	17-19 November 2017
29.	Mrs. Rajisha K	International seminar on Herbals and Natural Products for Liver and Pancreatic Disorders held at Al Shifa College of Pharmacy, Kerala	Callus culture and direct organogenesis of <i>Exacum bicolor</i> Roxb	24-25 November 2017

30.	Ms. Avril Candida Mathias	International Seminar on Advances in Degenerative Diseases and Molecular Interventions (ADDMI) organised by Society for Research and Degenerative Diseases (SODD) held at Hycinth by Sparsa, Thiruvananthapuram	A comparative evaluation of Nano Lipid Vesicles of Traditional Drugs and Novel Drugs used to treat Rheumatoid arthritis	23-24 November 2017
31.	Dr. Jainey P James	International Seminar on Herbals and Natural Products for Liver and Pancreatic Disorders organised by Dept. of Pharmacognosy & Phytochemistry, Al Shifa College of Pharmacy, Perinthalmanna	In Silico Studies and Anti-tubercular Evaluation of some Synthesized coumartin derivative	24-25 November 2017
32.	Dr. K Ishwar Bhat	36 th Annual National Conference of Indian Council of Chemists held at School of Chemistry, Andhra University, Visakhapatnam	Molecular modelling studies of some synthesized pyrazolines as Antitubercular agents	26-28 December 2017
33.	Dr. Jainey P James	10 th International Conference in Biological, Biomedical, Medical and Pharmaceutical Sciences (Cellular and Molecular Approach) held at Dubai, UAE	Nanoparticulate Hydrogel Incorporated with Mimosa Pudica Extract: Formulation and Characterisation	21-22 Dec. 2017
34.	Dr. Jennifer Fernandes	24 th ISCB International Conference (ISCBC -2018) Frontier Research in Chemistry & Biology Interface organised by Dept. of Chemistry, Manipal University, Jaipur	Simultaneous Estimation of some Anti mycobacterial agents by RP-UPLC	11-13 January 2018
35.	Dr. Jane T Jacob	24 th ISCB International Conference (ISCBC -2018) Frontier Research in Chemistry & Biology Interface organised by Dept. of Chemistry, Manipal University, Jaipur	Simultaneous Estimation of some Anti mycobacterial agents by RP-UPLC	11-13 January 2018
36.	Mr. Ravi G S	Anveshan – Student Research Convension held at Nitte – Deemed to be University, Mangalore	Lyophilized Herbal Nano Carriers for Hepatoprotective Activity	19 January 2018
37.	Dr. K Ishwar Bhat	National Seminar on Recent Trends in Pharmaceutical Sciences, Pharma – Analytica – 2K18 held at National College of Pharmacy, Kerala	Insilico studies, synthesis and antioxidant activity studies of Cyanopyridones	19-20 January 2018

38.	Mr. Ravi G S	4 th Nirma Institute of Pharmacy International Conference, Innovation in Pharmaceutical Research by Interdisciplinary Approach held at Institute of Pharmacy, Nirma University, Ahmedabad	Development of hyophilized phytosomal nano carriers for Hepatoprotective Activity	23-25 January 2018
39.	Dr. Akhilesh Dubey	4 th Nirma Institute of Pharmacy International Conference, Innovation in Pharmaceutical Research by Interdisciplinary Approach held at Institute of Pharmacy, Nirma University, Ahmedabad	Antifungal and Antioxidant therapy for the treatment of fungal infection with microemulsion gel containing curcumin and vitamin C	23-25 January 2018
40.	Mr. Srinivas Hebbar	4 th Nirma Institute of Pharmacy International Conference on Innovation in Pharmaceutical Research by Interdisciplinary Approach held at Institute of Pharmacy, Nirma University, Ahmedabad	Investigation of Stealth Liposomes for the enhancement of surface hydrophobicity in rat model	23-25 January 2018
41.	Dr. Jobin Jose	30 th Kerala Science Congress held at Govt. Brennen College, Thalassery	Novel Nanotechnology based approaches for the treatment of Leishmaniasis	28-30 January 2018
42.	Mr. Chandrashekar D	3 rd National Conference on Management of Modern Libraries (NACML) – 2018 on the theme “Transformation of Libraries for Tomorrow” organised by SEARCH – The Health Sciences Library and Department of Library & Information Science, Manipal Academy of Higher Education, Manipal	ICT Knowledge and Developing Technology skills for Library Professionals in Health Science College Libraries D K and Udupi Districts	9-10, February 2018
43.	Mr. M Vijay Kumar	Annual Conference of Indian Pharmacological Society (IPSCON – 2017) organised by Shobhaben Pratapbhai Patel School of Pharmacy & Technology, Mumbai	Synthesis characterization and pharmacological evaluation of novel pyrazolone derivatives for antidiabetic activity	15-16 February 2018
44.	Dr. Jainey P James	53 rd IHPA Annual International Conference 2018 on Skilling Pharmacists for Global Healthcare Challenges held at Rajiv Gandhi Kala Mandir, Ponda, Goa, India	In silico studies and biological evaluation of Bencodiazepine derivatives	17-18 February 2018

45.	Dr. Sneh Priya	53 rd IHPA Annual International Conference 2018 on Skilling Pharmacists for Global Healthcare Challenges held at Rajiv Gandhi Kala Mandir, Ponda, Goa, India	Synthesis and anti-microbial studies of pyrazoline loaded nanoparticles	17-18 February 2018
46.	Dr. B C Revanasiddappa	53 rd IHPA Annual International Conference 2018 on Skilling Pharmacists for Global Healthcare Challenges held at Rajiv Gandhi Kala Mandir, Ponda, Goa, India	Pyrazolines as potential antidepressant agents	17-18 February 2018
47.	Mr. Shanon Ben Mascarenhas	National Seminar on Lab to Clinic: Approaches and Challenges in Drug Discovery, design and delivery at Mangalore University, Konaje, Mangalagangothri	Development and evaluation of polysaccharide coated liposomes in microspheres for colon delivery at prednisolone	23-24 February 2018
48.	Mr. Hemanth Kumar	National Seminar on Lab to Clinic: Approaches and Challenges in Drug Discovery, design and delivery at Mangalore University, Konaje, Mangalagangothri	Synthesis and anti oxidant activity of novel formazan derivatives	23-24 February 2018
49.	Ms. Susmita Basak	National Seminar on Lab to Clinic: Approaches and Challenges in Drug Discovery, design and delivery at Mangalore University, Konaje, Mangalagangothri	Synthesis and anti-oxidant activity of novel chalcone derivatives	23-24 February 2018
50.	Dr. Pankaj Kumar	National Seminar on Lab to Clinic: Approaches and Challenges in Drug Discovery, design and delivery at Mangalore University, Konaje, Mangalagangothri	Synthesis And Antimicrobial Evaluation Of Some Novel Pyrazoline Incorporated Pyrrole Derivatives	23-24 February 2018
51.	Dr. Abhishek Kumar	National Seminar on Lab to Clinic: Approaches and Challenges in Drug Discovery, design and delivery at Mangalore University, Konaje, Mangalagangothri	"Synthesis and Antimicrobial Evaluation of Some New Coumarinyl Schiff Base Derivatives"	23-24 February 2018
52.	Mr. Srinivas Hebbar	Anveshan, Student Research Convention held at Nitte (Deemed to be University), Mangalore	Investigation and Development of Centella Asiatica with Nano vesicular systems for the treatment of Alzheimer's Disease.	19 January 2018

53.	Ms. Avril Candida Mathias	Anveshan, Student Research Convention held at Nitte (Deemed to be University), Mangalore	Comparative Evaluation of Nano Lipid Vesicles Of Traditional Drugs And Novel Drugs Used To Treat Rheumatoid Arthritis	19 January 2018
54.	Mr. Hemanth Kumar	Anveshan, Student Research Convention held at Nitte (Deemed to be University), Mangalore	Synthesis, characterization and evaluation of anti oxidant activity of some novel Oxadiazoles synthesized using CAN as oxidizing agent.	19 January 2018
55.	Mr. Ravi G S	DUPHAT 2018 held at Dubai International Convention and Exhibition Centre, UAE	Lyophilized Rutin Phytosomes for Hepatoprotective activity	27 th March 2018 to 1 st March 2018

Lectures Given

Sl. No	Name	Topic	Venue	Date
1.	Dr. Uday Venkat Mateti	Manufacture, Marketing, Management and Regulations of Drugs and Biological Product	Manipal College of Pharmaceutical Sciences, Manipal	21.09.201

COMMUNITY SERVICES, EXTENSION AND CONSULTANCY SERVICES

Contract Research Projects: The following research projects are undertaken by the faculty members in the academic year 2017-18:

Sl. No.	Name of faculty (Chief Consultant)	Client Organization	Title of Consultancy of project	Amount received (Rs.)	Status
1.	Mr. Vijay Kumar	Santhosh K N Dept. Microbiology Kuvempu University Shimoga	Scorpion venom – stress induced Nerve growth factor and its impact on toll like receptors signalling pathway on macrophages / lymphocytes	10000	Ongoing
2.	Mr. Vijay Kumar	Veena Hegde, Dept. Microbiology, Kuvempu University, Shimoga	Evaluation of anti-diarrhoeal properties of Simaroubaamara (Aubl) against Enterotoxigenic Escherichia coli	70000	Ongoing
3.	Mr. Vijay Kumar	Navya Nagaraj, Dept. Microbiology, Kuvempu University, Shimoga	Phytochemical and anti-typhoidal properties of Simarouba glauca DC against Salmonella enteric serovar Typhi	90000	Ongoing
4.	Mr. Vijay Kumar	Prashantha J Dept. Microbiology Kuvempu University Shimoga	Immunomodulation: Control of MDR microbes in wound infections and enhancement of healing through growth factors signalling and TLRs of macrophages and Lymphocytes activated by Simarouba glauca and Nano silica	15000	Ongoing

5.	Mr. Vijay Kumar	Nandini B C Dept. Microbiology Kuvempu University Shimoga	Scorpion venom induced ngf and its impact on antiapoptotic signals in lymphocytes to elicit immunological memory response	8000	Ongoing
6.	Mr. Vijay Kumar	Amrutha S L, Dept. Microbiology, Kuvempu University, Shimoga	Antidiarrheal profile of Simarouba glauca DC on enterotoxigenic E.coli induced Diarrhea	10000	Ongoing
7.	Mr. Vijay Kumar	Ms. Rajina, Research Scholar , Department of Applied Botany Kuvempu University	Anti-bacterial and anti-oxidant activities of synthetic compounds	5500	Completed
8.	Mr. Vijay Kumar	Ms. Mahima Bhat Research Scholar Department of Applied Botany, Kuvempu University	Anti-inflammatory activity of synthetic compounds	5000	Completed

BEST PRACTICES AND INNOVATIONS

(a) Best Practices

Environmental concerns

- | Rain water harvesting
- | Energy conservation
 - i. Building designed to permit maximum natural light
 - ii. Elevator only for staff and physically disabled
- | Carbon neutrality
 - i. Use of individual vehicles in the campus discouraged
 - ii. Tobacco/cigarette free campus
 - iii. Green cover in the campus with afforestation initiatives
- | Plastic free campus

Academic practices

- | Soft skill development programmes
- | Library based assignments
- | Interactive seminars by the students
- | Small projects with funding for III year and IV year students with objective of giving exposure to the students in research methods
- | Shuffling the subject/topics within the department between teachers
- | Journal club concept
- | Quality audit of research proposals
- | Workshop on research methodology to PG students- a yearly programme
- | College news letters (bulletin) – alternate method of documentation
- | Academic audit
- | Replacing the animal experimentation by alternate methods such as computer simulated experiments

Administrative practices

- | Computerization of student data, examination work, inventory management and accounts
- | CAS based on performance appraisal of the faculty

(b) Innovations

- I NUCARE : Developing the state of the art animal house to promote institute- industry collaboration, alternate source of revenue
- I Nurturing of young pre – college students to create awareness about the profession of Pharmacy, guiding them in the projects. Some of these students have got national awards and opportunity to present their papers in abroad.

INFRASTRUCTURE

SPORTS AND CULTURAL ACTIVITIES

Sports Activities:

The annual sports meet of NGSM Institute of Pharmaceutical Sciences was held on 29th November 2017 at the Nitte (Deemed to be University) ground at Deralakatte. The Sports meet was inaugurated by Dr. U S Krishna Nayak, Dean, ABSMIDS, Deralakatte.

Various in-house sports and games competitions i.e. cricket, football, volleyball, throw ball, cricket, badminton (women), chess, carom, table tennis, badminton (men) were held in Jan. Feb. 2018 for the year 2017-18.

Mr. Sourav Kumar and Ms. Preetha of III B.Pharm emerged as overall individual champions in boys and girls section respectively.

The **5th inter-collegiate annual athletic meet of Nitte** (Deemed to be University) was held on 28th February 2018 at Nitte (Deemed to be University) Ground, KSHEMA Campus, Deralakatte. Our students participated in the competition and bagged following prizes:

- v First Place in March Fast
- v Overall champions (Women)
- v Overall champions (Institution)
- v First Place in 4 x 100 Mts. Relay (Women)
- v Second Place 4 x 100 Mts. Relay (Men)
- v Individual champion – Ms. Preetha, III B.Pharm

The individual prizes are:

1. Ms. Preetha, III B.Pharm: 1st place in 400 mtrs, 2nd place in high jump and 1st place in 4X100 mtrs Relay
2. Ms. Apoorva Rao, IV Sem. B.Pharm: 1st place in Long Jump, 1st place in 4X100 mtrs Relay
3. Ms. Deenu Varghese, V Pharm.D: 1st place in Triple jump
4. Ms. Shreya, IV Sem. B.Pharm: 1st place in discuss throw
5. Ms. Achala Bhat, III B.Pharm: 1st place in high jump
6. Ms. Shahana, II Sem. B.Pharm: 2nd place in Triple jump
7. Ms. Nithya, IV B.Pharm: 1st place in 4X100 mtrs Relay
8. Mr. Arif Mohammed, III B.Pharm: 2nd Place in 800 mts., 2nd Place in 400 mts., 3rd place in 1500 mts, 2nd place in 4X100 mtrs Relay
9. Mr. Bashith Ali, II Sem. B.Pharm: 3rd Place in 800 mts
10. Mr. Sourav Kumar, III B.Pharm: 2nd place in 100 mts, 3rd place in 400 mts, 2nd place in 4X100 mtrs Relay
11. Mr. Ibrahim Shanfer, IV Pharm.D: 2nd place in 4X100 mtrs Relay
12. Mr. Sharooq, I M.Pharm: 2nd place in 4X100 mtrs Relay

The boy's team participated in Nitte (Deemed to be University) inter-collegiate football tournament from 21st to 23rd January 2018 held at Nitte (Deemed to be University), Ground, Deralakatte and emerged as the winners in the tournament.

In Nitte (Deemed to be University) inter-collegiate cricket tournament held from 14th to 16th February 2018 at Nitte (Deemed to be University) Ground, Deralakatte the boy's team secured runners up trophy.

In Nitte Kreedothsava held from 24th and 25th January 2018 at KSHEMA, Deralakatte, the girls' team won runners up in throw ball tournament.

Our women's team participated in Nitte University inter-collegiate throw ball match on 16.03.2018 and secured first Place. Ms. Shreya Montero of IV B.Pharm emerged as best player award and Ms. Ashwitha Naik of IV B.Pharm awarded best thrower of the tournament.

Cultural / Student Activities:

31.07.2017: Orientation programme for new students

05.09.2017 - Teachers-day Celebration: The staff and students celebrated Teachers on 5th September 2017. Dr. M S Moodithaya, Registrar, Nitte (Deemed to be University) was invited to be the Chief Guest. Dr. K Ishwar Bhat was awarded the best teacher and felicitated by the Registrar as a token of love and appreciation. Dr. Jainey P James also adjudged the best teacher of the year. Quiz competitions were organized by the students for the teachers.

07.09.2017 - Onam Celebration: Onam, the harvest festival of God's own country, Kerala was celebrated as AARAVAM 2K17 on 07.09.2017. The day long festivities including dance, competitions in pokalam (flower carpets), traditional costumes and beauty contests and also comprised of a few sport events.

12.09.2017 – Students Council Inauguration and Fresher's day celebration: Students Council inauguration and fresher's day celebration was held on 12.09.2017 at the KSHEMA Auditorium. Dr. B Rajendra Prasad, Dean and Professor, ABSMIDS inaugurated the program. The former student council members handed over their badges and responsibilities to the incumbents. The committee members of students council 2017-18 are:

25.09.2017 - World Pharmacist Day Celebration: The World pharmacist's day was organised at the campus on 25th September 2017 with the theme from research to healthcare: your pharmacist is at your service. To drive home this message to the public, a rally was organized from the campus to the KSHEMA auditorium. Shri Ramakanth Kunte, Asst. Drugs Controller I, Mangaluru and Shri Shankar Naik, Asst. Drugs Controller II, Mangaluru and Dr. Shivakumar Hiremath, Medical Superintendent, Justice K S Hegde Charitable Hospital were the Guests of Honour. Shri Kunte and Shri Naik gave an account of functioning of the drug administration and the steps taken by the government to eradicate the spurious drugs from the market. Dr. S Ramananda Shetty, Vice Chancellor, Nitte (Deemed to be University) informed the students that there is a huge scope for the students to develop a keen interest to pursue the field of research targeted towards wellness of the society. Eminent pharmacists Shri Manohar S Shetty, CMD Sai Radha Groups and Shri Panduranga Rao, Senior Pharmacist, Mangaluru were felicitated on this occasion for the exemplary social and professional contribution made by them.

08.11.2017: The NGSMIPS family bid farewell to Dr. S Ramananda Shetty, the outgoing Vice Chancellor of Nitte (Deemed to be University) on 8th November 2017.

16.11.2017: The NGSMIPS family welcomed Dr. B Satheesh Kumar Bhandary, the incoming Hon'ble Vice Chancellor of Nitte (Deemed to be University) on 16th November 2017.

16.12.2017: The Alumni meet of NGSM Institute of Pharmaceutical Sciences was held on 16th December 2017 in the college amidst with grant fanfare. Dr. M S Moodithaya, Pro Vice Chancellor, Nitte (Deemed to be University) was the chief guest. Addressing the gathering he said that reunion like this serve as a bridge to connect the present with the wonderful past and the glorious future.

Avishkar 2K18 and Cultural Day: The cultural activity of 2017-18 was held between 29-31 January 2018. Various competitions like twins day, class-wise exhibition, cooking without flame, mehendi, antakshari, rangoli, traditional day, floral arrangement, nail art, slow bike race, face painting etc were conducted. The cultural day was held on 13.03.2018 at KSHEMA Auditorium, Deralakatte. Competitions were held class wise for various events like; singing, dancing, fashion show, spot dance etc.

CONTINUING EDUCATION AND STAFF TRAINING

Participation in the Staff Training programs by faculty members:

1. Dr. Prasanna Shama Khandige, PharmaBridge program at the International Federation of Pharmacy (FIP) at St. John Fisher College Wegmans School of Pharmacy, Rochester, New York from 17th April 2017 to 13th May 2017
2. Mr. Ravi G S, Distance learning general course on Intellectual Property by World Intellectual Property Organisation from April 18 2017 to 1 June 2017
3. Mr. Sandeep D S, Mrs. Zeena Fernandes, Mr. Srinivas Hebbar, Mr. Ravi G S, Mr. Hemanth Kumar, Ms. Susmita Basak - Short term course on Research Methodology & Biostatistics organized by Curriculum Development Directorate, Nitte University, Deralakatte from 12th to 17th June 2017

- | Ms. Bindiya Prkruthi Life Sciences, Brahmavar from 1st December 2017 to 1st January 2018
- | Thirty two final year B.Pharm students have opted for higher studies at NGS MIPS.

ANY OTHER MATTER – GOALS FOR 2018-19

- | **Strengthening the research infrastructure**
The required facilities will be provided in phased manner for the next three years. A budgetary allocation of Rs. 75.00 lakhs has been made for the year 2018-19.
- | **NBA accreditation**
We have already applied for the second cycle of NBA accreditation of B.Pharm. Programme and the application is under process
- | **Furthering the contract research with industry and academic institutions**
The year 2017-18 saw several collaborative/contract projects being executed by the institution (9). We are confident that we will have more such projects in the year 2018-19. However, we have not made any progress in collaborating with foreign universities which will be our area of focus in the coming year.
- | **Improving the research output**
Publication of the post graduate and doctoral research works has been made mandatory. With this, we expect the research output to improve substantially.
- | **Employability enhancement measures**
The employability of the students who pass out is not very encouraging. We have interacted with several job providers and a common area of concern is poor employability. We are convinced that soft skills such as good communication, right attitude, personal grooming, ability work in a team, innovative ideas are equally important as the core subject knowledge. Unfortunately the existing curriculum is not framed looking these aspects in mind. We are brainstorming how these changes can be brought about without compromising the prescribed programme, course and learning outcomes as they are defined now.
- | **Entrepreneurship development initiatives**
With a large number of graduate, post graduate and doctoral degree holders passing out every year, the job market is really going to be more competitive, jobs more scarce and employment more difficult in the coming years. We need to focus of creating jobs by promoting the entrepreneurship among students. May be it will take some time, but we believe it is the only answer in the long run.
- | **Student participation in deciding academic reforms and learning methods**
In order to incorporate employability enhancement and entrepreneurship development initiatives we have to involve the students. We will be working with students in dedicating some time for matters such as GPAT coaching, soft skill development programmes, personality development programmes etc. The challenge is to enthuse the students to participate in these initiatives.
- | **Pharmacy practice department initiatives**
The Pharmacy practice and Pharm.D. Students can and should be involved more in hospital activities such as
Patient counseling center
Pharmacovigilance centre
- | Faculty development programmes – what is expected of us?

Nitte Centre for Animal Experimentation and Research (NCARE)

NCARE showed significant progress in the year 2017-18. Three MOUs were signed with research institutions and two more will be signed by March 2018. This has helped in getting small but very significant works which has helped us to show the progress to the accreditation bodies like NIRF and NAAC.

A total of Rs. 18.02 lakhs have been generated through collaborations and we expect few more projects shortly.

The institutions with which NCARE has collaborated include

- | Bhami Research Laboratories (P) Ltd., Mangalore
- | Herbagriya, Gujarat
- | Atrimed Biotech LLP, Bangalore
- | Thrushi formulations LLP, Patan, Gujarat
- | Taarmal Bioherbal care, Pune, Maharashtra
- | SARC, Ahmedabad, Gujarat
- | Sahasraksha Vaidya Shala, Ukkidatta, Kerala

The facility has applied for two funded projects

- | BIRAC for 45.00 lakhs
- | Science Engineering Research Board (SERB) for 34.00 lakhs

NITTE INSTITUTE OF PHYSIOTHERAPY

Dr. Dhanesh Kumar K.U
Principal

About the Institution:

Nitte Institute of Physiotherapy (NIPT) was established in 1997 and it is now a constituent college of the Nitte Deemed to be University, recognized by the Government of India and the Indian Association of Physiotherapists (IAP). Nitte Institute of Physiotherapy is a distinctive didactic academic institute, built on a distinctive healthcare environment and offers a patient focussed collaborative learning experience. NIPT's academic programs are dynamic and enterprising, subjected to continuous analysis and amendment. Despite this vital process of ongoing reformation, the paramount aim of Physiotherapy education at NIPT is to offer future physiotherapists a superior and supportive environment for learning the art and the science of Physiotherapy. One of the NIPT's identified goals is to “Vigorously promote the education of tomorrow's health care leaders and application of new knowledge in support of our Vision and Mission”.

ACADEMIC:

STUDENT MONITORING:

a) Students monitoring cell functions through the faculties who are assigned as student monitors, where they basically identify the slow learners and motivates them to overcome their academic/ examination fear and prepares them mentally for regular program. Students are also monitored by monthly unit tests, yearly three internal examinations, one model examination before final university exams. Slow learners are enrolled into remedial coaching for improvement. The fundamental objectives of remedial coaching for students comprises of the following:

- | To identify the slow learners
- | Personal attention for knowledge improvisation of academically weak students
- | Emphasis on difficult subjects
- | Training for enhancement of overall scores in exams
- | To improve their academic performance and self development
- | Strengthening their knowledge, skills and attitudes in such subjects, where Quantitative and qualitative techniques and practical clinical activities are involved so that proper guidance and training provided under the programme may enable the students to come up to the level necessary for pursuing higher studies efficiently. The Coordinator of the programme will supervise the work every month. Separate registers may be maintained for different subjects. At the end of each month

the Coordinator will submit to the Principal, an appraisal report, indicating the performance of each candidate. The appraisal report includes:

- | The duration for which the coaching was organized, classes / period and the number of candidates who actually participated in the programme.
- | The subjects in whom they were tutored, names of teachers and their subject discipline.
- | The number of the candidates who actually appeared in the examination.
- | The number of the successful candidates in each paper.
- | Problems faced by the College in the implementation of the remedial coaching program.
- | Overall comments of the Coordinator.

The plan of action includes the following

- | Personal attention by the assigned mentors
- | Tests on regular intervals to assess improvement in lacking subjects
- | Assignments on a weekly basis to be submitted to the mentors
- | Academic schedule of tests that are planned to be conducted are allotted prior to the students

Personal checks on students' progress reports are maintained by the respective mentors. A pre prepared schedule of the monthly plan is allotted to all the students of the remedial coaching at the beginning of every month. The mentor of the respective student of the remedial coaching has separate counseling sessions for the student whom they are supervising. The student's personal issues as well as other matters which hinder the student from concentrating on studies are taken into consideration while counseling them. Guidelines are provided to the students about the method of writing answers systematically in exams. After correcting the monthly exam papers feedback to students about their performance is given. Positive feedback if improvement is observed is given to the students in order to encourage and motivate them to perform better as well as focus is also made on the lacunas and measures to improve them are suggested by the mentors of the remedial coaching.

The remedial coaching committee also maintains a good rapport with the parents regarding their child's performance in all the academic tests conducted every month. The remedial coaching committee also sends a official letter to the parents regarding information of their child's absenteeism if present consecutively at a regular basis. The process consists of a preliminary test which is conducted initially to assess their baseline knowledge levels and after a periodic session of regular coaching retest is conducted to analyze the improvement of the students. A considerable and marked improvement has been noticed in their retest scores performance. Improvements have also been observed in regards to discipline and regularity in attending remedial coaching exams as well as classes. Assignments allotted to students were also submitted on time to the respective mentors. A positive attitude and increased interest in students was noticed in students after a regular basis training sessions and counseling by the mentors of the remedial coaching. Through this coaching, personal attention given by the mentors has improved the subject knowledge of the students and also helped them to cope up better with their studies. As a result of this, an evident improvement was observed in the sessional exams conducted by the college. Thus an overall transformation was observed not only in academics but also in their attitude, discipline and self development of the students of the remedial coaching.

The student monitoring is also achieved through the following mentorship program.

COMMUNITY SERVICES, EXTENSION AND CONSULTANCY SERVICES:

Nitte institute of physiotherapy extends community services at special school, *Kapikad*, and *AbhayaAshraya old age home Assaigoli*.

AbhayaAshraya is an old age home located in Assaigoli wherein physiotherapy services are provided twice in a week. It has a total of 80 inmates which includes elderly and children. Aerobic exercises sessions are conducted to all the old age inmates for an hour along with recreational games and activities. We also identify the elderly inmates with musculoskeletal and neurological problems and required physiotherapy treatment has been administered to them.

The special school in Kapikad is also provided with physiotherapy services twice in a week. It is a centre for paediatric children with disabilities. An in depth evaluation of the paediatric patient is carried out by the physiotherapist and the appropriate physiotherapy treatment is provided. Community based home based rehabilitation advice is also given to the parents of the children with disabilities to ensure that the child is provided with exercises at home. Follow up is done at regular intervals for each child. Monitoring is done through phone calls by the special school teachers.

BEST PRACTICES:

KARUNYA- HELPING HAND FOR THE DISABLED: The fundamental objective of “KARUNYA” is to identify indigent inmates in our hospital as well as our various community outreach centres. The respective faculty in charge from each department identifies the required orthotics that is required to improve the functional activities of the patient. The recommended aids and appliances are provided free of cost to the patient.

DEPARTMENT OF MASS COMMUNICATION & JOURNALISM

Mr. Raviraj Kini
Assoc. Professor & HOD

About the Institution

With an objective to create a new class of media professionals who believe in universal access to welfare and to develop a deeply reflective understanding of India, Nitte, Deemed to be University launched Nitte Institute of Communication [NICO]. The Institute introduces a clutch of innovative UG and PG programs in media and communication. With its fresh approach at designing programs that blend theory and practice, NICO is set to jostle amongst the most popular destinations for media studies in India.

NICO's students have access to a state-of-the-art Broadcast Studio, Print Design, TV Editing & Web Design labs, expansive library, wi-fi campus and fully-digital facilities for professional education & research in the area of communication and journalism. The curriculum is fully in tune with the needs of a student who wishes to serve the modern media industry and society. No matter where they are from, as NICO's students they have an opportunity to explore and study in depth India's contrasts and confluences across a range of issues and human development indices. Given its baffling paradoxes, the city makes NICO an ideal destination to pursue media studies.

NICO's media students will also have the opportunity to rub shoulders with Nitte's doctors and students of medicine as they undertake health camps and outreach programmes to get a firsthand exposure to grass root issues of primary education, women's health, urban-rural divide & the state of delivery systems across a range of human development indices. This helps NICO's students develop into perceptive, well-informed and sensitive media professionals.

COMMUNITY SERVICES & EXTENSION ACTIVITY

Engagement programme for students of Government school:

Students from Nitte Institute of Communication (NICO), final year BA had organized a fun teaching program for the students of the Higher Primary Government School, Paneer, Derallakate on October 26, 2017. This was an initiative taken by the students with the help of their Faculty as community development initiative. The main aim was to bring smiles on the faces of the children by giving them a break from their usual school routine. This is done by creating an environment in which they could open up and interact. A list of activities were conducted that would be fun for the children to enjoy through learning. The students from classes' first to fifth grade were assembled and then divided into two different groups. An arts and craft session was provided to the children of fourth and fifth section. The session involved storytelling, word games, action songs, acoustic music performance by the student volunteers and Arts and Crafts using best out of waste. On conclusion of the program both the students as well as the teachers present had a wonderful time and shared their appreciation. It was also a learning experience for the student volunteers as future teachers and gave a sense of nostalgia going back to school.

An Awareness Talk on 'Endangered Species of Western Ghats'

The NSS unit of Nitte Institute of Communication in collaboration with the students of Development Communication of Nitte Institute of Communication organised an awareness talk on the 'Endangered Species of Western Ghats' on November 11, 2017 for the students of Assisi Central School, Deralakatte, Mangalore.

The Resource person of the programme was Mr. Gurudutt Kamath, an eminent environmentalist. He raised awareness about different endangered species, the reason behind it and what can be done in our personal level to protect them. The session was interactive as the Resource Person Conducted a quiz on environment. The student enthusiastically participated in the programme. The programme was followed by wild life photo exhibition.

Visit to home for destitutes 'Snehalaya'

The students of Nitte Institute of Communication conducted a community service programme for the people of Snehalaya Psycho-social rehabilitation centre, Manjeshwara on the October 29, 2017. Snehalaya, headed by Mr. Joseph Crasta began with a small home on 26th August 2009 for the unattended, uninhibited and ailing people of societies. Since then, he has changed the lives of many, treating and providing for them and sending them back to where they belong once they're well.

The 2 hour long programme consisted of various cultural programmes and games, spreading happiness and positivity among the 180 inmates residing there. As the event progressed, inmates themselves stepped in to showcase their hidden talents by singing, dancing and spreading smiles all over. The program had a constant support from the staff of Snehalaya. The event concluded with the distribution of refreshments among the audience and a small interaction between the students and the inmates.

Production of Documentary on various social and environment issues

The students of Nitte Institution of Communication have produced documentaries on various social and environment issues like 'Effectes of MRPL Projects of Environment', 'Caste;less Family of Kerala', '2009-Pub Attack', 'Crusador of Human Rights - MrShanbogh' and many other in 2017-18.

BEST PRACTICE

1. Organising National Level Fest - BEACONS

Goal: The institution has created a platform for students to exhibit their talents. The media fest brings to its participants various unique events, to introduce to students from different backgrounds a variety of things that media students are involved in

Context: Mass Communication being one of the effective media, the students here took this as a platform in not just learning it in academic environment but practically executing it. A total of 16 events including short film making, face painting, escape room, potpourri, theme dance, creative writing, RJ hunt, product launch, photography, mock press, quiz, crisis management and movie spoof.

This year the fest also witnessed an addition of video PSA and video bulletin, which are one of a kind events.

Practice: As part of the practice the students undertook following methods

- | Organizing various competitions for students representing different streams from various colleges
- | Managing its publicity works which includes managing press, organizing promotional activities, inviting colleges
- | Array of media competitions were successfully organized

Evidence of Success: The student's successfully organized the events which witnessed a participation of nearly 20 colleges in and around Karnataka. Interaction with media panelists and journalists was also organized.

Problems Encountered:

- | Limited budget
- | Limited participation as it was organized at the end of the semester

2. Organising Nitte International Film Festival (NIFF)

Goal: Nitte International Film Festival is an initiative by Nitte Institute of Communication aiming at showcasing award winning, and critically acclaimed cinema from across the world to audiences in Mangaluru. Along with learning about media, the students here were provided with an opportunity to interact with renowned film makers and learned the technicalities of film making.

Context: This project was not just part of their academics but also enhance their knowledge with regards to film making and film appreciation.

Practice: As part of the practice the students undertook following methods

- | Selection and short listing of films based on various critical criteria
- | Viewing regional, national and international award winning films
- | Interactions with Producers, Film Makers, Directors and Crew Members

Evidence of Success: The students successfully understood the craft of film making and were also able to take up internships under prominent film makers.

Problems Encountered: Though there are no direct limitations, due to technical problems the schedules kept changing.

NITTE UNIVERSITY CENTRE FOR SCIENCE EDUCATION AND RESEARCH (NUCSER)

Prof. Dr. Indrani Karunasagar
Director

About the Institution:

Nitte University Center for Science Education Research (NUCSER) is a teaching and research centre under the ambit of Nitte (Deemed to be University). It was established in 2013. In 2015, the centre moved to an independent facility in a sprawling area at Deralakatte, with state-of-art research facilities. The centre at present has 18 eminent researchers with expertise in diverse areas of biological science and is led by Dr. (Mrs) Indrani Karunasagar, internationally renowned scientist with several patents and commercialised technologies to her credit. The centre is offering niche degrees keeping in tune with the emerging trends on career in research. In NUCSER the focus is on interdisciplinary science education and research. The centre offers both undergraduate and postgraduate degree programs in addition to its research activities. At present it has four programs, namely: B. Sc. Biomedical science, B. Sc.(Honors) Biomedical science and M.Sc. Biomedical science, M.Sc. Food Safety and Biotechnology. All these programs are first of its kind in Karnataka and are designed keeping in mind the job opportunities in the field of research. The students develop skills in various high end molecular techniques and tools used in research and development. The impetus is on study of human health and the various infectious, non-infectious and environmental toxicants affecting human health. The centre also offers PhD in specific areas of biological science. The teaching methods employed in the centre are highly innovative and learner centric. The course curriculum has been designed in such a way that the students not only accumulate updated theoretical knowledge but also gain hands on practical experience in their field of study.

The research activities in the centre are divided into six groups, namely Division of Infectious Diseases, Division of Cancer Genetics and Molecular Medicine, Division of Food Safety and Nutrition, Division of Bioresource and Biotechnology, Division of Bioinformatics and Computational Genomics and Division of Environmental Health and Toxicology. The centre has externally funded research projects from premiere National funding agencies such as DBT, DST, ICMR, and DST- SERB and international funding agencies such as BELSPO, NERC, FORMAS, Indo-Norway and Swedish research council.

Academic

Internal Quality Assurance Cell

The IQAC was constituted in March 2016 to enhance and sustain quality in academic and administrative performance of the institute. The IQAC aims at holistic academic excellence through three “I”: Inclusion

(faculty and students), Institutionalization (best practice) and Internationalization (quality culture). The IQAC is involved in the preparation of Annual Quality Assurance Report (AQAR) and Self Study Report (SSR) through seven sub-committees involving the teaching and non-teaching staff members for submission to NAAC.

IQAC Coordinator: Dr. Deekshit, Assistant Professor

NAAC Coordinator: Dr. SmithaHegde, Professor

Student monitoring

The centre has instituted a student welfare committee to monitor the students' activities. The committee consist of three faculty members and their job responsibilities are listening to students problems, addressing their concerns, helping in organizing the various cultural and sports activities, counseling, electing students committees, and acting as staff advisors. In 2017-18 various activities were conducted at the centre such as Fresher's day celebration, Annual day celebration, Farewell party for outgoing students. Students have participated in various events conducted both within and outside the university and also won recognitions in the form of awards and prizes.

Students Welfare Committee

Members: Dr. SmithaHegde, Dr. Rama Adiga, Ms.RajeshwariVittal.

In addition, the institute has several committees that have been formed to monitor the students' activities in the centre. The committees are as follows:

Practical training of school going children on basic culture techniques and microscopic techniques was the focal point of the session

2. Dr. Indrani Karunasagar was a chief guest for the Mentored student posters at Melaka Manipal Medical College, Manipal University, Manipal on 13th May, 2017.
3. Dr. Indrani Karunasagar was a resource person at the event 'Frontiers in Microbiology and Biology Education (FIMBE-2017)' organised by Melaka Manipal Medical College, Manipal University on 4th November, 2017 and delivered a talk on "Aligning research into the traditional curriculum".
4. Dr. Indrani Karunasagar was the chief guest and delivered a keynote address on "How to Publish" on 16th November 2017 at the pre-conference workshop of Indian Association of dermatologists, Venereologists and Leprologists (IADVL) held at Father Muller Convention Centre, Mangalore.
5. Dr. Anirban Chakraborty delivered an invited talk entitled, "Zebrafish: an in vivo tool for Biomedical Research at the Indian Science Congress Association Conference organized by Mangalore University NCST-RU 2017, on 9th September, 2017.
6. Dr. Anirban Chakraborty delivered an invited talk entitled, "A decade in Japan-what have I learnt" at Justice K S Hegde Institute of Management, Nitte, on 30th November, 2017.
7. Dr. Anirban Chakraborty delivered an invited talk entitled "An introduction to PhD Program" at Yenepoya (Deemed to be University) PhD Orientation Program, 2017, on 2nd December, 2017.
8. Dr. Biswajit Maiti delivered an invited talk on "Outer membrane proteins based vaccines for application in fisheries" at 6th Annual Symposium, Society of Biological Chemists (India)-Coastal Karnataka Chapter, Manipal University, Manipal on 4th November 2017.
9. Dr. Anurag Sharma delivered an invited talk on "Deciphering Hematopoietic 'Niche' Function: Drosophila as a model" at 6th Annual Symposium, Society of Biological Chemists (India)-Coastal Karnataka Chapter, Manipal University, Manipal on 4th November 2017.
10. Dr. Anurag Sharma delivered an invited talk on "Puffeye, a deubiquitinase controls Drosophila hematopoiesis" at DST-JSPS International workshop on non-mammalian models in Biomedical Research organised by Centre for science education and research, Nitte (Deemed to be University), Mangalore on 5th Oct 2017.
11. Twelve Ph.D. students namely, Ms. Akshatha K., Mr. Anoopkrishna K., Mr. Nishith Babu, Mr. Yathish U. G., Ms. Anupama, Ms. Caroline D'Souza, Ms. Divya Dechamma, Ms. Jazeela, Ms. Prathiksha, Ms. Shiwangi, Ms. Shruthi and Ms. Srividya presented research poster at "ANVESHAN- 2018" on 19th January 2018 organized by Nitte (Deemed to be University), Mangaluru.
12. Eleven Ph.D. students namely, Ms. Akshatha K., Mr. Anoopkrishna K., Mr. Nishith Babu, Ms. Anupama Karanth, Ms. Caroline D'Souza, Ms. Divya Dechamma, Ms. Jazeela, Ms. Prathiksha, Ms. Shiwangi, Ms. Shruthi and Ms. Srividya presented research poster in Student Research Competition on the occasion of National Science Day – 2018 organized by Nitte (Deemed to be University), Mangaluru on 26th February, 2018.
13. Ms. Srividya, Ms. Shiwangi Dwivedi and Ms. Anupama Karanth P, Ph.D. Students secured 1st and 2nd prize respectively in Student Research Competition on the occasion of National Science Day – 2018 organized by Nitte (Deemed to be University), Mangaluru on 26th February, 2018.

National:

1. Dr. Binay Bhushan Nayak, Principal Scientist, Central Institute of Fisheries Education, Mumbai delivered a guest lecture on “Quality management system” on 27th June, 2017.
2. Dr. Shreejan Nambiar, Technical Specialist, Thermofisher Scientific delivered a guest lecture on “Seq-Studio sequence analyzer” on 20th July, 2017.

3. **Celebration of World Food Day through a workshop on “Food Safety-Issues and Concerns”**
 The World Food Day was celebrated at the institute by organizing one-day Workshop on “Food Safety: Issues and Concerns” on 16th October 2017, at the University Auditorium, Paneer Campus, Deralakatte. Dr. Ramananda Shetty, then Vice Chancellor, Nitte (Deemed to be University) inaugurated the Workshop. About 200 participants representing food business operators (CAMPCO, KMF) and students from different institutions in Dakshina Kannada and Udupi districts attended the workshop.

4. **VIROCON 2017 National Conference**
 The 26th Annual Conference of Indian Virological Society (IVS), VIROCON-2017 was jointly organized by IVS and Nitte (Deemed to be University) with the theme “Viruses to Viromes in Health and Disease”. The conference was held from 7th to 9th December, 2017 at K.S. Hegde Medical Academy campus, Deralakatte, Mangaluru. The conference was inaugurated by Dr. Shantharam Shetty, Pro-chancellor, Nitte (Deemed to be University) and commemorated with the release of the book “A Century of Plant Virology in India”. The event was marked by the august presence of Dr. Andrew Davison, Chairman, International Commission of Viral Taxonomy, Prof. Anupam Varma, President of IVS, and Dr. Satheesh Kumar Bhandary, Vice Chancellor, Nitte (Deemed to be University) and many renowned scientists. The conference hosted 250 participants from various institutions in India and discussions were held in the fields of medical, animal and plant virology keeping in mind the concept of “One health”

5. Workshop on Diagnosis and Epidemiology of Arboviruses with focus on Dengue and Chikungunya supported by Karnataka State Science and Technology Academy
A hands-on training workshop was held at the institute from 11th – 13th December 2017. A Total of 17 postgraduate students were provided hands on training on diagnosis of Arboviruses with focus on dengue and chikungunya, which are a major public health problem in coastal Karnataka. The Faculty, who delivered lectures, included 5 scientists from Griffith University, Australia, one scientist from Manipal Centre for Virus Research, Manipal and 8 faculties from Nitte University. After lectures the students performed the basics of cell culture and virus inoculation. The students also performed molecular assays and fluorescent and immunofluorescence assays for the detection and serotyping of dengue virus, chikungunyavirus As required by KSTA, the student participants were evaluated with a multiple-choice question paper and were awarded prizes.
6. Dr. Mamatha Bangera attended the National Nutrition Conference- NUTRITION 2018, held on 19th and 20th January 2018 at Justice K.S Hegde Medical Academy, Mangaluru.
7. Dr. Indrani Karunasagar, Professor, delivered a keynote address on “Nitte University's agenda for inter-sectoral research” at the 8th National Colloquium on Evidence based Integrative Medicine for Lymphatic Filariasis and other Chronic Dermatoses held at Institute of Applied dermatology, Kasaragod, Kerala on 25th January 2018.
8. Mrs. Juliet Mohan Raj, delivered a guest lecture titled "Diagnostics in dermatophytosis: beyond conventional methods" at "Dermatofight 2" at National Symposium on Dermatophytosis and Karavaliderma 2018, K S Hegde Charitable Hospital, Nitte (Deemed to be University) on 11th February 2018.
9. National Workshop on “research based pedagogical tools”
A 3-day Pedagogy workshop on “Research Based Pedagogical Tools” was conducted by the NUCSER in collaboration with the Indian Institute of Science Education & Research (IISER), Pune from 14th to 16th February, 2018 at Mangalore. The workshop was sponsored by Department of Science & Technology and Ministry of Human Resource Development, Government of India and Newton Bhabha Fund, British Council, and India Bioscience. The workshop brought together a highly motivated group of 50 teachers and researchers from over 25 colleges.

10. Dr. Biswajit Maiti, Dr. Mamatha Bangera, Dr. Krishna Kumar and Mrs. Juliet Mohan Raj attended the national training workshop on “Research Based Pedagogical Tools”: workshop for undergraduate and postgraduate science and mathematics teachers at Mangaluru. 14th-16th February 2018.
11. Three Ph.D. students, Ms. Anupama Karanth P, Ms. Akshatha K and Anoopkrishna Rai were selected for south zonal level student research convention “ANVESHAN” on 19th January 2018 at Nitte (Deemed to be University), Mangaluru to represent the research work at Bharathiar University, Tamil Nadu in association with Association of Indian Universities (AIU), New Delhi held during 21-22nd February 2018.
12. Dr. Manjula, Science Officer at the German Consulate, Bengaluru delivered a guest lecture on Higher Education Opportunities in Germany on 26th February 2018.
13. Dr. Anirban Chakraborty, Professor, delivered an invited talk on “The role of pre-ribosomal factors in development and disease: Lessons from zebrafish” at the National Symposium on Reproduction and Early Development, Karnataka University, Dharwad during 7-8th March, 2018.
14. Ms. Divya Dechamma, Ph.D. student presented a poster at the National Symposium on Reproduction and Early Development, Karnataka University, Dharwad during 7-8th March, 2018.
15. Mr. M.G. Sathyendra, Regional Head Qmart-Global, and Ex-director- Bureau of Indian Standards, delivered an expert lecture on “Quality Assurance and Quality Control” on 13th March, 2018.
16. Dr. Biswajit Maiti, Assistant Professor, delivered an award lecture for Dr. (Mrs.) Gouri Ganguly Memorial Award for young scientist, 2017-2018 at 105th Annual Meet of Indian Science Congress association (ISCA), Manipur University, Imphal, Manipur on 17th March 2018.
17. Dr. Indrani Karunasagar, nominated Executive Member of the Board of Society for Aquaculture attended an International conference in Hyderabad and delivered a keynote lecture during 16th to 17th March 2018.

International:

1. **FAO-Nitte workshop at Hotel Gateway Taj from 7th-12th April,2017**

The institute organized the FAO-Nitte University International Workshop on “Strengthening capacities, policies and national action plans on prudent and responsible use of antimicrobials in fisheries”. The workshop was inaugurated on 10th April,2017 in the august presence of Dr.J.K.Jena,Deputy Director General, Indian Council of Agricultural Research, New Delhi,Dr.Melba Reantaso, Sr.Officer,Food & Agricultural Organisation,Rome, and Prof. Dr.S.Ramananda Shetty,Hon'ble Vice Chancellor, Nitte University.FAO chose Nitte University to host this first international workshop in aquatic animal health area, mainly because of the expertise available in Nitte University and past experience of organising successful International Workshops. The workshop had official delegates from China, Vietnam, Malaysia and Philippines. There are expert speakers from FAO,World Animal Health Organisation(OIE),Ireland, Netherland, Philippines, Vietnam and India.

2. Dr. Harish Kumar Madhyastha, Faculty of Medicine, University of Miyazaki delivered a guest lecture on “Higher education opportunities in Japan” on 3rd May, 2017.
3. Dr. Radha Madhyastha, Associate Professor, University of Miyazaki delivered a guest lecture on “Micro RNA to the rescue of non-healing chronic wounds” on 24th August 2017.
4. **DST-JSPS International Conference on non-mammalian models in Biomedical Research**
 An “International Meeting on Non-Mammalian models in Biomedical Research: Current status and future perspectives” was organized on 5th and 6th October, 2017 at the Nitte University auditorium, Deralakatte, Mangaluru. The conference was jointly supported by Department of Science and Technology (DST), Government of India and the Japan Society for the Promotion of Science (JSPS), Govt. of Japan, under the India-Japan Cooperative Science Program (IJCSP). Dr. Anirban Chakraborty was the Indian awardee of this project while Dr. Naoya Kenmochi, Professor, Frontier Science Research Centre was the Japanese counterpart.

The meeting was organized to explore the current progress and future challenges of use of non-mammalian models such as *Danio rerio* (zebrafish), *Drosophila melanogaster* (fruit fly) and *Caenorhabditis elegans* (worm) in biomedical research by bringing in experts from India and Japan under one platform. The meeting was planned as two days of scientific discussions on five different topics namely, Disease Modeling, Toxicology, Organ regeneration and Cell Communications, Functional Omics, and Pharmacology. Japanese scientists from Miyazaki University, University of Tsukuba, National Institute of Basic Biology, Okazaki, Hirosaki University, Japan and Brain Research Institute, and Niigata University along with scientists working in premier Indian research institutes such as IISc, Bangalore, Council of Scientific and Industrial Research (CSIR) Institutes, Indian Institute of toxicology research, Lucknow, Institute of genomics and Integrative biology (IGIB) New Delhi and Agharkar Research Institute, Pune presented experts talks on various topics. In addition, a poster session was organized for the student participants to showcase their work with these model systems and to get a feedback from the experts about the work. More than 100 participants from various institutions across India participated in this event.

5. International Workshop on “Vibrios in one health”

An International workshop on “Vibrios in one health” was organised by NUCSER on January 12, 2018 under bilateral cooperation with Ghent University, Belgium, within the framework of DST-BELSPO (Belgian Federal Science Policy Office) Indo-Belgian Research and Technology Cooperation awarded to Dr. Indrani Karunasagar, Director (R&D) and Prof. Peter Bossier from Ghent University. Scientific talks were given by Dr. Iddya Karunasagar, Senior Director (International Relations), Nitte, Dr. Peter Bossier, Ghent University, Dr. Anna Godhe from Gothenburg University, Sweden; Dr. Lucy Turner, Plymouth University, UK; Dr. Dharshane Ruwandeepika, Sabaragama University, Sri Lanka, Dr. Krishna Kumar, Dr. Praveen Rai and Mrs Juliet Mohanraj from Nitte.

6. Dr. Anirban Chakraborty delivered an invited talk on “Understanding the pathophysiology of Diamond-Black fan anemia in zebrafish: Evidence of cross talk between TP53 and cMYC” at the 18th Annual Meeting of the Belgian Society of Human Genetics, 16th February, 2018, Ghent, Belgium.
7. Mr. Leonard Clinton Dsouza, Ph.D. student presented a poster in International Conference on trends in Biochemical and Biomedical research: Advance and Challenges, at Banaras Hindu University (BHU), Varanasi during 13th to 15th February, 2018.

Community Services, extension and consultancy Services:

1. World Environment day was celebrated on June 5th 2017 in NUCSER campus with the theme "Connecting people to Nature". The program was a part of the Nitte University Green Initiatives Program (NUGIP), led by Dr. Smitha Hegde.
2. The orientation for the students newly admitted to B.Sc. (Hons) and M.Sc. courses was held on July 31st and August 16th 2017 respectively.

3. NSS unit of NUCSER organized Swatchata Pakhwada program on 3rd and 9th of August 2017, emphasizing the importance of cleanliness and our responsibility in keeping the community clean. Volunteers visited a nearby orphanage, the De Mercede Orphanage, Paneer, and involved themselves in routine cleaning activities at the orphanage along with the inmates.
4. Students of NUCSER visited Karnataka Milk Federation (KMF) milk processing plant at Kulashkara, Mangaluru on 29th August, 2017.
5. NSS volunteers of NUCSER took part in an outreach program on 17th March 2018 for the students of Government Primary School, Kuthar, Deralakatte. More than 120 students actively participated and interacted in the program.

Best Practices and Innovations

Best practice 1

Title of the Practice: Capacity building of student and faculty towards improved research practices.

Objectives of the Practice:

To improve participation of students and staff towards constant improvement of the research component of the program.

To ensure exposure of students and staff to international and state of art research practices by facilitating interaction with international scientists and deputations to foreign labs.

The Context:

Nitte University Centre for Science Education and Research was established in 2013 under the ambit of Nitte University with an aim of creating a state-of-the art facility for biomedical research through an interdisciplinary approach. The focus in the centre is Human Health and Diseases comprising the infectious, non-infectious and the environmental modes of diseases. Health care involves several stakeholders including hospitals, pharmaceuticals, diagnostic services, medical equipment supplies, medical insurance regulators, research and development institutions. Over the last decade, India has witnessed a phenomenal rise in health sector. As the health care sector is continuing to grow, the employment opportunities for biomedical scientists are also increasing. Recognizing the need for producing quality biomedical scientists who could serve in health care sector in India, NUCSER started its teaching program with the B.Sc. and M.Sc. Courses in Biomedical Sciences and two years later introduced two more M. Sc. programs namely Food Safety and Biotechnology and Marine Microbiology and Biotechnology. These courses are first of its kind in the state of Karnataka and NUCSER stands among the few handful of institutes in the entire country that offer such unconventional courses, designed keeping in mind the job opportunities in the field of research. The course also equips the student with strong research training. Research project is a part of the syllabus. Thus, forming an important component of the course.

The Practice:

We strongly encourage students to participate in research related activities. The institute has MOUs with several international and national centres for research. This encompasses staff and student exchange programs.

Students and staff are encouraged to attend and present papers at National and International conferences. Limited student fellowship is awarded for undergraduates to conduct novel research. Ph.D. scholars are given scholarships/fellowship to encourage them to conduct sustained, quality research.

Evidence of Success:

Students are participating with much enthuse and bringing laurels to the institute. Research scholars have been awarded best posters at national level conferences. Post graduate students represented in south India zonal national level student research convention.

International recognitions: 7 faculty members and 11 students have obtained the Sakura Science award; 2 faculties have received the EMBO fellowship and one faculty has received BELSPO award in the past 5 years.

Student exchange: One of our M.Sc. student has done his research work at Ghent university, Belgium and simultaneously a student from Ghent university is doing his M.sc dissertation work at NUCSER.

Problems Encountered and Resources Required: The university has been very supportive in our efforts. The number of fellowships can be increased to enable more students to avail this benefit of support extended by the University. Laboratory space is a major constrain to the ever-growing student numbers under taking research.

Best Practice 2:

Title of the Practice: Integrating interdisciplinary subjects, enrichment programs by offering choice based program (CBCS) in BSc. Biomedical Science.

Objectives of the Practice:

Interdisciplinary studies are the prospects which determine direction of science in future. With the global demand for students trained in interdisciplinary sciences in biology we have implemented the Choice based credit system in our curriculum structure. The course is also designed to cater to the need of increasing demand of skilled manpower in the health sector. The institute focusses itself on skill development and enhancement in Biomedical sciences.

The Context:

The new education policy by the government stresses on skill development and interdisciplinary approach to revolutionize education system. This calls for need for academic flexibility. Choice based system will enable students to enhance skills across various subjects offered. It will broaden the understanding of various subject based aspects as well as improve their comprehension and communicative skills.

The Practice:

The institute drafted a CBCS system as per the current context for relevance. It was approved by the Academic council. Post approval, the curriculum refinement was undertaken. The staff were trained in the system prior implementation. The IQAC ensured the consent of stakeholders of parents, student representatives and enlightened them of the new structure of the course.

The CBCS includes three types of courses; Core courses, Elective courses (EC) and Ability Enhancement courses (AEC), which together comprises 26 courses with a total of 140 credits. Core courses are the courses that should compulsorily be studied by a candidate as a core requirement. Elective Courses are those, which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill. In elective courses, there are again two types, Generic Elective (GEC) and Discipline Specific Elective (DEC). GEC is an elective course chosen generally from an unrelated discipline/subject with an intention to seek exposure whereas DEC refers to courses related to the main discipline/subject of study. Ability enhancement courses are of two types again, Ability Enhancement Compulsory Course (AECC)- Courses that lead to knowledge enhancement. Environmental Science and English Communication. These are mandatory for all disciplines. Skill Enhancement Course (SEC)- Value-based and/or skill-based and are aimed at providing hands-on- training, competencies, skills etc. May be chosen from a pool of courses.

Evidence of Success:

The system will ensure active student participation, with more weightage given to practicals/ skill development. To imbibe and practice highest standard of ethics in scientific research by including non-credit courses like good laboratory practices, biosafety and bioethics.

Problems Encountered and Resources Required: The university has been very supportive in our efforts. Implementation of Choice Based Papers increases the need for more teaching staff members. There is also need for additional classrooms to accommodate parallel classes during the CBCS allocated hours in the timetable.

Dr. Smitha Hegde has been appointed as a Professor from 10th April, 2017

Dr. Mamatha B.S has been appointed as an Assistant Professor from 2nd May, 2017

Dr. Divyashree M has been appointed as a Research Associate from 11th April, 2017

Dr. Madhu Mani has been appointed as a Research Associate from 11th April, 2017

Dr. Santhosh K S has been appointed as a Research Associate from 10th April, 2017

Infrastructure

- | The institute is well equipped with adequate infrastructure including building space, classrooms, library, webinar rooms laboratories with advanced equipments for effective implementation of the teaching and research programs
- | The university allocates a part of the budget for procurement of consumables for conducting practical classes.
- | Class rooms are fitted with overhead projectors
- | The institute is completely Wi-Fi enabled and dedicated high speed internet connections are available for conducting e-classes.

NITTE INSTITUTE OF ARCHITECTURE

Prof. Vinod Aranha
Director

About the institution

Nitte Institute of Architecture (NIA) was started in August 2015 at Mangalore and has been developing very nicely into what would eventually be a world-class institution offering degree programs in architecture, urban planning, product and interior design, conservation and the arts.

We have envisioned this school to be a center of excellence in tropical architecture with partners across the globe. A hallmark of the program is the co-op education model that is introduced as a hybrid within the school's curriculum. Here students have the opportunity to intern with architects, urban designers, artists and artisans all through the course, gaining invaluable practical experience. We are setting up research centers dealing with smart cities, alternative technologies and energy/sustainability. We encourage faculty to go beyond teaching and either perform research or do some form of consulting. We have already started to forge partnerships with universities in Europe and the US. USGBC would collaborate on the LEED Lab program.

Nitte Institute of Architecture (NIA) will lead a new generation of design professionals with a deeper understanding of architecture and design for a more mature use of urban planning, energy and sustainability practices.

Academic:

Student monitoring

- Established Mentor Mentee System – 8 students assigned to a faculty
- Seminars, workshops and summer programs to develop skills and experience current practices
- Monthly progress sent to parents

Board of Studies and Curriculum Development

- Board of Studies
- Bodies involved in curriculum development: Academic Advisory – TAGs (Technical Advisory Groups) – Eminent academicians, scientists and professionals across Asia, Europe and US
- Intermittent reviews to revise curriculum after one complete cycle of 5 years

Skill Development Workshops:

1. Bamboo workshop – 5th – 17th June, 2017
2. Paper Engineering Workshop – 5-7th June, 2017
3. Cardboard Furniture workshop – 8-10th June, 2017
4. Heritage and Conservation workshop – 12th-17th June, 2017
5. 3D printing workshop – 12th-14th June, 2017
6. Dream-Draw-Design workshop – 15-17th June, 2017
7. Vertical Studio Orientation - Ar. Shiraz and Anja – 29th – 30th July, 2017
8. Pilikula Nisarga Dhama – Clay, Carpentry, Handloom, Cane – 4th August – 17th November, 2017
9. Mechanical Application in design - Harsha Urwal – 28th August, 2017
10. Navarasa and its depiction - Artist Radhika Shetty – 6th Sept, 2017
11. Outdoor Landscape painting – 17th March, 2018
12. Tensile Structure workshop – 31st March, 2018

Seminar on Architectural Works: Interaction with industry

1. Water Conservation across Urban Projects - Prof. Inaki Alday, Univ of Virginia – 31st July, 2017
2. Expert in housing - Ar. Siddharth Tandur, GDK Designs, Mangalore – 15th March, 2018
3. Contextual Housing - Ar. Jigna Desai, CEPT, Ahmedabad – 31st March, 2018

Seminar on Extension Activities

1. NATA workshops – Phase 1: 10th Feb at Nitte Edu International, Mangalore & 11th Feb at NMAMIT – Phase 2: 21st & 22nd April at NEI, Mangalore
2. Voting Awareness – 11th April, 2018

Community Activities

Summer School 2017

Goal

Summer School was an initiative of Nitte Institute of Architecture to facilitate learning beyond the class rooms – to offer set of workshops open for present architecture students, aspiring architecture students and professionals to understand a wider perspective of the field.

Context

Special study credits are part of the curriculum: Each student to earn 12 credits over 4 summers: 4 credits offered each summer by Nitte Institute of Architecture during the Summer Program

Part of the Summer Program was a two week Summer School between May 29 and June 10. NIA offered a combination of various workshops related to design and construction. It was a golden opportunity for aspiring Architecture students as it provides an excellent platform to understand the course in a broader perspective.

Practice

Series of hands on workshops and training sessions on various disciplines categorized under prominent themes related to the field of architecture
Students of architecture can take up a combination of courses over a period of two weeks, to earn up to 2 credits.

Workshops organized

In Praise of Bamboo: (29th May – 10th June): 2 week workshop conducted by architect Vaibhav Kaley, Nagpur. Mr. Kale is co-founder of Wonder Grass, an enterprise in bamboo building system. Outline of the workshop was to introduce bamboo as a building material resource to students. Students explored and experimented with bamboo for making building components and explored structural qualities of the material and its joineries.

Heritage and Conservation (5th June – 10th June): 1 week workshop conducted by architect Pankaj Modi a conservation architect involved in many restoration projects around the country. This workshop was a combination of research, documentation, hands on experience and site visits. Locations with heritage value were identified and researched, and documented by participants.

Paper Engineering (29th May – 31st May): 3 day workshop conducted by Arun Desai considered as a Paper Engineer. He studied Mathematics combined with research on Geometric constructions through paper folding. Workshop exercises helped participants create challenging and appealing installations.

Cardboard Furniture Workshop (01st June to 3rd June): 3 day workshop conducted by Bangalore based design driven makerspace THE WORKSHOP. Participants were taught how to design and construct furniture out of cardboard by exploring its structural qualities, testing joints and cutting technologies.

3D Printing Workshop (05th June to 07th June): 3 day workshop conducted by Contrawax 3D Systems. Principles and backgrounds of 3D Printing was explored through computational design and printing. Participants are ready to use this promising technique in the future.

Dream Draw Design (08th June to 10th June): 3 day workshop conducted by architect Ajit Rao who is an architect, sculptor, painter, designer, cartoonist, caricaturist, comic-book artist, and animation trainer. This workshop evoked the dominant consciousness in participants recognizing subtle design elements such as scale, proportion and composition

Evidence of Success

- | Sessions conducted without tampering the learning periods of other courses
- | Improvised connections with industry for students and institution
- | Sensitized and made aware of social responsibilities
- | Over 60 students participated in the program
- | Participation certificate provided to all participants

- | Credits awarded to successful participants that will be incorporated in academic grade reports

Problems Encountered and Resources Required

- | Fee associated with the workshop
- | Extended hours of workshop – travelling back to the city
- | Finding apt resource person
- | Procuring Bamboo as material for workshop

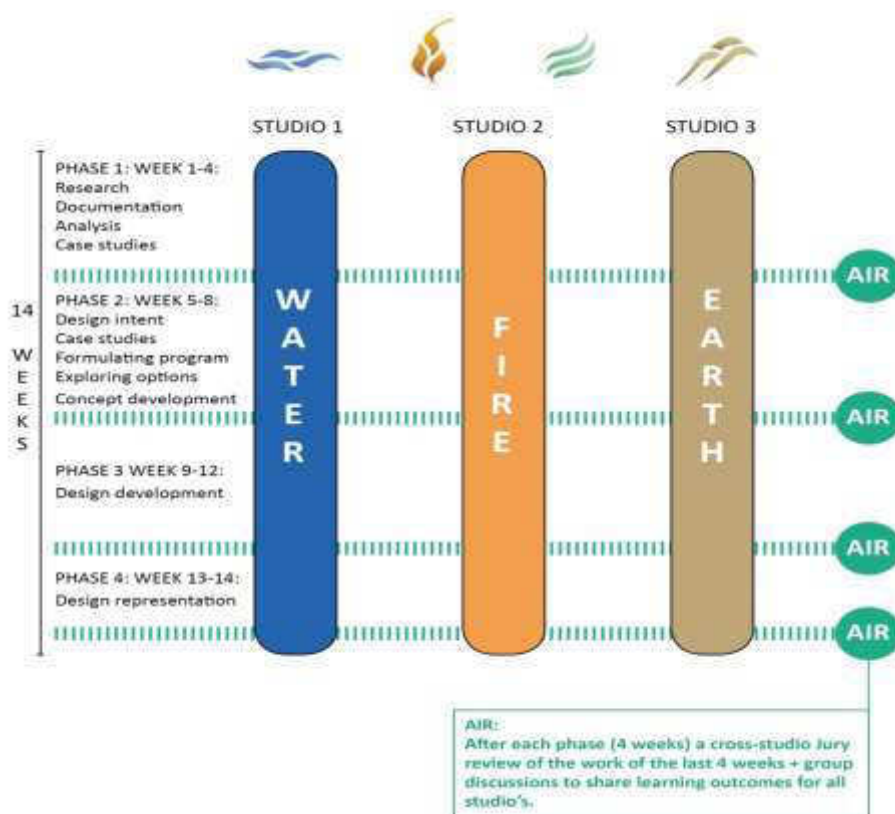

Three varied Institutional Projects for Vertical Studio

Goal

- | To sensitize students with various facets and concepts of Institutional designing
- | Aim to work on design projects which are strongly rooted in local context and society, responding to actual social and spatial demands.
- | 3 projects of vertical architectural design studio for 3rd and 5th semester focuses on the design of public/ institutional buildings that add sustainable value to places with a rich context.

Context

- | Institutional design in Vertical Studio is conducting the two courses i.e. Architectural Design Studio 1 (Semester 3) and Architectural Design Studio 3 (Semester 5) together
- | The intent is students of both the semesters will be designing the same project based on their intensities of understanding and approach
- | Three parallel studio's work on different design projects with their own focus and challenges. Each studio will have approximately 25 participants, half of them being 5th semester students and half of them being 3rd semester students.

The Practice

Three institutional design projects conducted were:

1. Earth - Urban insertion in Car Street – Urbanity with history and context

Car Street is deeply rooted in Mangalore's history. Although it has undergone a lot of changes during time, it still is a reference point in the city displaying original culture. Neighborhoods abutting Car Street have their own character. This Studio focused on studying characteristics and elements that define significant places, as inspiration for design within context

2. Fire - Lobo's tile factory – Adaptive reuse and conservation

Mangalore tiles are famous and Cascia Tile Factory continues to produce tiles and bricks despite falling demand in the market. The picturesque location by the river Nethravati prompted the owners to explore new ways of utilizing the premises for economic gain y renting it out for occasions. The studio focused on analyzing existing heritage structures and historical context as a development of students will study and analyse the existing heritage site, structures and historical context as an input for development architecturally and using existing structures.

3. Water - Centre for Hydrogeology – Water and landscape

The greater geographical area of Bangalore and the entire district of Kolar has been declared drought-affected for the past few years. Depleting ground water levels has led to near-dry surface ponds, lakes and sub-surface bore wells. This studio explored proposals for site development and a building/complex that responded to landscape ecology conditions that aimed to create awareness through architectural and landscape interventions.

Evidence of Success

- | Positive exchange of ideas between students of different studios
- | Gaining over all knowledge of aspects of Landscape design, Urban design and Conservation
- | Sensitized with social responsibilities and awareness about delicate issues
- | Developing different design proposals based on their context
- | Mentors of specific to the field of expertise guided for the smooth functioning of the studio

Problems Encountered and Resources Required

- | Difficulty in initial functioning of group having students of different semesters as their grasping and understanding levels varied
- | Framing different set of deliverables for semester 3 and semester 5 students of the same project
