THE IMMORTAL

Justice K.S. Hegde
Founder, Nitte Education Trust

Kowdoor Sadananda Hegde, born in Kowdoor village of Karnataka State, completed his early education at Karkala and Mangalore. Thereafter, he obtained a degree in Economics from the Presidency College, Madras and a degree in Law from the Government Law College, Madras.

K.S.Hegde began legal practice at Karkala in 1936, after which he moved to Mangalore, where he was appointed as Public Prosecutor of South Kanara District in 1948. He was elected member of the First Council of States (now known as the Rajya Sabha). In 1954, he represented India at the General Assembly of the United Nations. He then became a judge of the Mysore High Court. In 1966, he was appointed as the first Chief Justice of the Delhi and Himachal Pradesh High Court. He held this office till he has elevated to the post of Judge of the Supreme Court of India in 1967.

A man of integrity and strong values, Justice K. S. Hegde resigned from the post of Judge of the Supreme Court in 1973 in protest against the supersession of senior judges in the appointment of the Chief Justice of India. In 1977, he won the election to the Lok Sabha and was elected Speaker of the Lok Sabha, an office he held till 1980.

After a distinguished career spanning over four decades, Justice K. S. Hegde retired from public life and settled at Nitte to relentlessly work for the upliftment and empowerment of the rural people. He passed away on May 25, 1990.

Always in pursuit of truth and excellence of human endeavour, Justice K. S. Hegde began a journey of exploration that continues with Nitte Education Trust and Nitte University.

Message

I am happy to note of the development that has taken place in different areas in the University. In this, the twenty-first century, it is important that we ensure that the intellectual capacity of our young people has access to advanced education at the highest level no matter where they live and grow up. Nitte University should be a monument to that principle. We should make a concerted effort to reorientation of teaching and the curriculum as well as campus facilities in line with the principles of skills development.

A university can grow successfully only when research and teaching interconnect together - one without the other is incomplete. Therefore, we have ensured the development of a collaborative environment conducive to learning, exposure to the best international practices and promotion of innovation and creativity. The heart and soul of any university are its faculty. I am happy that our faculty members are engaged in scholarship and research as a means of staying current in their academic disciplines and endeavouring to build regional and global academic reputation for the University.

We should train our students to develop an immediate and intuitive sense of the urgent need to build a sustainable future. It is important that we sensitise our students to the many issues that are a bane to a developing economy like India. It may be increasing levels of distress and desperation: inexplicable violence, mass migrations, the rise of intolerance and racism, resource scarcities, growing unemployment slipping standards of living and many more. It is imperative that they clearly sense the danger and the need for informed action.

After all education is the most effective means that society possesses for confronting the challenges of the future. Indeed, education will shape the world of tomorrow. Progress increasingly depends upon the products of educated minds- upon research, invention, innovation and adaptation. Educated minds are not only needed in the institutions and research laboratories but in every walk of life. Let this be the mantra at Nitte University!

N.V. Hegde
Chancellor, Nitte University & President,
Nitte Education Trust

Message

Nitte University is in its seventh year and we are glad that it has made a name for itself in providing holistic education. We are now poised to move into newer areas of knowledge. We believe that everyone has the potential to succeed in their chosen field. In a university the teachers play a vital role in making the students realise their dream. It is the teacher who is the biggest contributor in making the students achieve the expected learning outcomes and inspires them. The outcomes should be literacy, aesthetic appreciation and creativity, communication and collaboration, information management, responsible citizenship and personal life skills, values and action.

Our efforts shall be to provide adequate facilities, create conducive environment and make available practical experience to enhance knowledge and skills. The need of the hour is to synergise the efforts and resources to provide a feasible platform for effective education and skill development.

Along with providing conducive learning environment complementing facilities, we will endeavour to build an ethically engaged university. We would like to instil in our graduates the value of living by what is right and build a way of life that promotes our vision of human happiness.

Vishal Hegde

Pro-Chancellor (Administration)

Message

Annual Report is like the Mark sheet of a student as to how well he has performed over the last year.

I am always proud to be associated with the progress of Nitte University over the years. Progressing and achieving our goals is a combined effort from the vision of the Chancellor to the last effort of an attender in the office. It is like little drops of water which makes an ocean.

Any University is identified by its achievements on research and all our graduates we modulate to be good citizens of our country.

Let compassion mellow us, service ennoble us and let justice be the guide of all our actions.

Prof. (Dr.) M. Shantharam Shetty

Pro-Chancellor

(Hosp. Mgmt & Medical PG Studies)

Message

Our University is a self-sufficient unit consisting of different faculties of study that are developed into specialized centers of studies in different disciplines. The courses offered at our University are interdisciplinary and they have been streamlined to meet the emerging demands both in the public and the private sector.

Nitte University within the brief period of its inception has made significant progress. The University has tried to involve all the stakeholders-students, teachers and members of the society from different walks of life in the formation of its academic programmes and in framing of the curricula. The year in passing is probably a unique year for us since we have redoubled efforts in providing extensive infrastructure and strengthening our Teaching Learning and Research Activities.

You will read about the achievements of our outstanding students and staff, working together in a university dedicated to the needs of society – an institution that is making strides in education and research and providing a life-changing experience for all those who study here.

I extend my best wishes to the students and faculty who are a part of our University and to those who seek to join us in our mission to develop Nitte University as a Centre of Excellence imparting quality education, generating competent, skilled manpower to face the scientific and social challenges, with a high degree of credibility, integrity, ethical standards and social concern.

Prof. (Dr.) S. Ramananda Shetty

Vice-Chancellor

Message

Nitte University has been steadily moving forward in its quest for excellence in higher education, research and extension services over the last seven years of its meaningful existence. As evidenced by this annual report, all our constituent colleges have moved up in the learning curve by innovating in their curricula, academic delivery, education and student services. The University hosted several students and faculty visiting from Centres of excellence in India and abroad. Similarly our faculty and students have also participated in exchange programs expanding their horizons of knowledge. All the programs offered by the University have been successful in attracting talented youngsters from all over India and even abroad. The Annual Report 2014-15 presents to you the details of the activities held at the University and also the achievements of the faculty and students during the last academic year. Hope you find it informative, intending and insightful.

Prof. Dr. M.S. Moodithaya

Registrar

Nitte University

Nitte University has been established Nitte Education Trust which has in its fold 28 institutions spread on 3 campuses at Nitte, Mangalore and Bangalore. A centre of excellence in education and community service in Karnataka State, Nitte Health Care institutions are duly recognized by the Government of India. In June 2008 [vide MHRD Notification No. F.9-13/2007-U.3(A) dated 4th June 2008 by the Ministry of Human Resource Development (Department of Higher Education), Government of India] the Government of India conferred the status of Deemed-to-be-University.

The University has five constituent colleges and a Department, namely, K. S. Hegde Medical Academy A. B. Shetty Memorial Institute of Dental Sciences N.G.S.M. Institute of Pharmaceutical Sciences Nitte Usha Institute of Nursing Sciences, Nitte Institute of Physiotherapy and a Department of Mass Communication & Journalism. All the constituent colleges are approved and recognized by the respective Central Statutory Councils. Nitte University has been accredited by NAAC with 'A' Grade and placed under category 'A' by the Ministry of Human Resource Development, Govt. of India.

With the strong commitment to social welfare and human empowerment, the University believes that education is complete only if we instill a sense of empathy in the students, by which they will understand the underprivileged sections of the society, thereby becoming men and women for others.

Infrastructure: The offices of Nitte University, are housed on the 6th floor of the Medical Sciences Complex. All the constituent colleges, namely, K. S. Hegde Medical Academy (KSHEMA), A. B. Shetty Memorial Institute of Dental Sciences (ABSMIDS), Nitte Gulabi Shetty Memorial Institute of Pharmaceutical Sciences (NGSMIPS), Nitte Usha Institute of Nursing Sciences (NUIINS), Nitte Institute of Physiotherapy (NIPT) and the Department of Mass Communication and Journalism are housed in independent buildings with the best of infrastructure and amenities and are located on a sprawling campus of over 50 acres at Deralakatte and Paneer, Mangalore.

Accreditation

Nitte University is placed under category 'A' by MHRD vide letter No.F.9-26/2009-U.3(A)(Vol.5) dated 19-10-2012 and is ranked as category 'A' by NAAC with CGPA 3.11 grade points dated 25-10-2013.

Counselling of PG courses

Examination Section

Year after year, the examination section has been striving and continues to strive to build in more transparency, conduct of fool proof examinations and announcement of results within shortest possible time- within 2 days to ten days of completion of examinations depending upon the batch size.

This year that is during 2014-15, the centralized examination hall was further upgraded. It now has

- A capacity of 350 to 375 students taking examination at one time
- A unitary seating arrangements i.e every student has a single table and chair
- The examination hall is fitted with 19 CCTV cameras with the controls in the Controller of Examination room.
- This year in 2014-15 the examination hall was fitted with 8 mobile jammers
- The list of examinations conducted during the year and the analysis thereof is annexed herewith. Apart from these exams the pre Ph.D. course work examinations were conducted twice, once in June and once in December. The Ph.D. entrance exam was conducted in June. In addition, the Ph.D. thesis are sent for adjudication to three examiners (one within India, one outside India and the guide) as and when the candidates submit their thesis.

Results of University Examinations conducted during April 2014/ March 2015 for the various courses offered by Nitte University

A.B. Shetty Memorial Institute of Dental Sciences

Prof. (Dr.) U.S. Krishna Nayak
Principal & Dean

About Institution

The A.B.Shetty Memorial Institute of Dental Sciences, named after the erstwhile Health Minister of the then Madras Presidency, Shri Attavar Balakrishna Shetty, the crowing glory of the Nitte education Trust, now the Nitte university, was founded by Justice K.S.Hegde started in the year 1985 with a vision to impart quality education as an abiding commitment. Under the able guidance and leadership of his son Sri Vinaya Hegde, the present chancellor of the University, the name of A.B.Shetty dental college and the Nitte University has soared high. The Vice-chancellor of the University Prof(Dr.)S. Ramanand Shetty being a Prosthodontist understand and recognizes the needs and requirements of the institution and together with the the dynamic Prof (Dr) U. S. Krishna Nayak who is the present Principal and Dean ensure the smooth functioning of the institute.

The Nitte University was bestowed with the deemed University Status in 2008, with the A.B. Shetty Dental College being the flag bearing Institution. The University has been graded 'A' by the NAAC and the MHRD, Government of India

The college has 116 teaching staff, of which 30 are Professors, 28 Readers, 33 lecturers and 20 tutors. The college annually admits 100 students for Under graduate studies and 49 students for post graduate studies. The teaching faculty are provided incentives by the university for publications and conferences resulting in the faculty having about 1500 publications, to their credit in various National and International Journals.

The Institute has been offering Ph.D. programs in various specialties for over a decade, with 20 scholars currently pursuing their doctorates. The college offers a much sought after certificate course in Oral Implantology in association with the Goethe University, Frankfurt, Germany, and a Fellowship program in Craniofacial Surgery in association with Cleft International, Zurich.

The college has state of the art material and equipment and infrastructure.State of the art equipment such as dental chairs , laser welding machine, microtome etc was purchased at a cost of over 40 lakhs. Recently the department of orthodontics was refurbished and converted to fully air -conditioned by the orthodontic alumni association. An existing classroom was also renovated, air-conditioned and equipped with audio-visual aids. The Library at the Institution is well stocked with over 6800 books, 76 journals and high speed internet facility to ensure the plethora of the world's knowledge is at the fingertips of the students.

The best practices of the institution are the numerous social initiatives and camps conducted on a regular basis, counselling conducted by the combined effort of faculty at various levels and the rural outreach programs, through 17 centers, which provide quality treatment to the rural population free of cost. The free treatment provided at the institute is also unique in the country and hence results in more than sufficient patient numbers to meet the clinical requirements of the students.

The Institution has planned for expansion of all departments, and construction of a new College building in an area of 40,000 sqft. the process of air conditioning of all the clinical areas and class rooms is in full flow, with work already completed in some departments. Each of the classrooms are fully equipped with state of the Art Audio Visual Aids, and a new concept of internet based education – ‘The NU E Learn’, to ensure an enhanced teaching and learning experience. As a commemoration of completion of 30 glorious years, 30 social initiatives have been planned termed Dazzle 30 which will be conducted at various time frames such as the intercollegiate exhibition, oral hygiene day etc. An Alumni meet and International conference on oral health and well being has also been planned and is being organized with renowned guest faculty over a 3 day period from 15-17th October 2015.

Student Monitoring

There is a well-structured performance monitoring system where every student's academic performance, extracurricular activities, discipline are evaluated through a three level monitoring system

This model includes assigning of 10 students to one faculty who mentor s the students from I BDS to Internship. A senior faculty is in-charge of each class. They interact with the mentor, discuss about the student and monitor the overall academic growth.

After each sessional examination, individualized counseling for the entire class by the Principal/Dean, Senior Faculty, Subject Teacher along with the mentors is conducted.

Slow learners and advanced learners are identified on the basis of the students performance in regular class tests, sessional exams and clinical tests conducted in each department.

Additional classes, assignments and assistance is provided after the regular teaching hours to facilitate the slow learners.

Advanced learners are encouraged to assist teachers and post -graduate students in performing complicated clinical cases, to prepare and present seminars to participate in conferences and workshops and take up minor research projects thus providing them with ample opportunities and challenges to further improve their knowledge.

Career guidance for UG and PG students is provided.

4. (a) Best Practices

1. Rural & Social Outreach Programme for Undergraduate & Postgraduate Students

Objective:

- To provide appropriate, accessible, affordable and acceptable comprehensive Oral health services to the rural areas and economically disadvantaged populations.
- To facilitate student clinical experience and build interpersonal skills between dentists, allied dental professionals and patients.

Context:

A student in college is exposed to theory as well as clinical situations within the four walls of the institution. However, the feasibility and practicability of education are real life circumstances which can be provided only when they are exposed to outreach programs like camps, rural satellite centres. Such an exposure bridges the gap between the discipline based educational environment at college and the independent environment of a dental practice. It also helps in developing practice management skills and interpersonal relationship between professional colleagues and patients.

Practice:

Every week undergraduate and postgraduate students on rotation are posted for the dental camps and rural satellite centres in batches of 10 -20 each. Conveyance is provided to them. At centres which are far off from the institution, accommodation for the students is provided too. Their attendance is monitored by the staff in-charge. The work done is checked regularly and monitored by the concerned department staff.

Evidence of success:

The patient output at the centers has increased as the patients get the benefit of quality specialty treatment free of cost. These well-equipped rural centers are available for further follow up of the patients. This has led to increased awareness among the rural population.

The students get additional clinical exposure, which enables them to complete their quota of clinical work in time, which is monitored by the staff at the camp/ centre and also is evaluated by the concerned department staff.

Difficulties encountered:

The travel time and problem of conveyance is a major hindrance.

Shortage of man power and monetary funds to carry out this project smoothly.

2. Student Guardian Interaction and Counseling

Objective:

Provides a monitoring system of the students towards academics, as well as overall personality development.

Context:

An opportunity is given to the student to interact with assigned staff for guardianship, monitoring and moulding them as professional leaders of tomorrow.

Practice:

Student monitoring is managed by 4 senior faculty, each staff is assigned 10 students. They interact with assigned students regularly, identify the slow learners interact with the subject teachers and guide the students. Student counseling is done regularly by concerned in-charge and over all progress is reviewed.

Evidence of success:

The performance in the final exam was significantly better compared to internal exams. Feedback from parents is encouraging.

Difficulties encountered:

Inability to communicate with few parents, because of lack of uniformity, in usage of electronic communication

b) Innovations

1. Fully functional DRD department along with fast track integrated clinic.
2. Introduction of short seminars to undergraduate student in order to improve the academic standards.
3. Submission of seminar abstract prior to the seminar.
4. Short symposium conducted in few departments
5. Flash cards for Viva-discussion.
6. U.G. & P.G. quiz programmes.
7. Advanced learning (performing procedures in pre-clinics before the theory classes for undergraduate students.)
8. Working under magnification made mandatory for post graduate students in few departments.

Accreditation

The University has been graded ‘A’ by the NAAC and the MHRD, Government of India

Collaboration with Centers of Excellence in India and abroad

The Institute boasts of an affiliation to Okayama University Dental School, Japan and has exchanged a Memorandum of understanding with the Universite de Toulouse-Paul Sabatier, France, to develop scientific cooperation and take stronger strides in biomedical research and Student exchange. The Institute is already on course to send a few of its students as part of the student exchange program with the esteemed French University.

Any Other Matter

The Dept. of Orthodontics & Dentofacial Orthopaedics at the A.B. Shetty Memorial Institute of Dental Sciences, a constituent college of the NITTE University completed 25 glorious years of Post Graduate Program during this academic year (1989- 2014). To mark the Silver Jubilee of its Post Graduate Program the Department has been Fully Refurbished & Centrally Air Conditioned to make it a State of the Art Department. The funds for this Renovation have been generated entirely by the 'A.B Ortho Alumni Association (Reg)'.

The Department was inaugurated by Sri Vinaya Hegde, Chancellor of the NITTE University on the 23rd of April, 2014. The guests of honor were Pro Chancellors

The Department of Pedodontics & Preventive Dentistry celebrated Pedodontists Day and Childrens day on 14th November, 2014. The programme was inaugurated by Prof (Dr) Ramananda Shetty.

- A.B.Shetty Memorial Institute of Dental Sciences has been Ranked 6th at National level among Private Dental Colleges in the Country and 13th among all Dental Colleges in the Country by the Week Magazine-Hanza Research Survey 2015.

N.V. Hegde Endowment Lecture

- In connection with the Silver Jubilee an Endowment Lecture in the name of Sri N.V Hegde was instituted by the A.B.S.M.I.D.S Post Graduate forum which was delivered by Prof. (Dr.) N.R Shetty [Director Nitte Meenakshi Institute of Technology and former Vice Chancellor of the Bangalore University] on "Dental Education, Manpower, Employment & Research along with present status of Higher Education" on 12th of April, 2014 for which a glittering function was organized.

Prof. (Dr.) Sridhar Shetty Endowment Lecture 2014 on 9 July 2014. Prof. M. I. Savadathi, Emeritus Professor and Former Vice Chancellor of Mangalore University was the Chief Guest

About NGSMIPS

Nitte Gulabi Shetty Memorial Institute of Pharmaceutical Sciences (NGSMIPS), established in the year 1983, is a constituent college of Nitte University. The college is recognized by the All India Council for Technical Education (AICTE), the Pharmacy Council of India (PCI), New Delhi and the UG Programme accredited by National Board of Accreditation (NBA). The Institute is also a recognized research centre of Nitte University for doctoral study. The college offers B.Pharm, M.Pharm in six specializations, Pharm.D and Pharm.D (Post Bacculaureate) programs in Pharmacy.

The Institute has produced 1097 graduates, 466 post graduates, 849 diploma and 36 doctoral pharmacy professionals, who have carved a niche in the health care industry and hold positions of responsibility and authority in leading pharma companies, academic institutions and drug regulatory bodies in India and many countries around the world.

NGSMIPS milestones

- 1983: Introduction of D.Pharm course at NMAM Institute of technology premises at Nitte. The first college to start under Nitte education trust.
- 1984: Introduction of B.Pharm course
- 1991: Introduction of M.Pharm. courses in Pharmaceutics and Pharmaceutical Chemistry
- 1998: Ph.D. Programmes in Pharmaceutical Sciences under RGUHS
- 2000: Introduction of M.Pharm. in Pharmacology
- 2010: Introduction of M.Pharm. in Pharmacy Practice
- 2011: Introduction of M.Pharm. in Regulatory affairs and Quality assurance
- 2012: Introduction of Pharm. D. course

• Future plans

✦ New block

An additional space of 20,000 sft. Is being created to house advanced research and post graduate laboratories. We believe creation of facilities for research would provide the impetus for research in the institution.

✦ Semester system

As per the new guidelines from the UGC, we intend to introduce semester system from the academic year 2016-16 for the undergraduate course (B.Pharm.)

✦ Campus placement initiatives

Considerable progress has been made in providing placement for the students in the last couple of years. The effort to involve more pharmaceutical companies in the placement drive will continue.

✦ Adverse Drug Reaction (ADR) monitoring cell

The work has been started to set up an adverse drug reaction monitoring cell in the hospital. The cell will be further strengthened in the coming years and will try to establish regional reporting centre in association with PvPI

✦ Patient counseling centre

A patient counseling cell will be established in the hospital

Nitte Usha Institute of Nursing Sciences

Principal

About your institution

NUINS, an institute of repute is well known for its academic excellence and quality nursing education.

To be in tune with the emerging needs of the society and to be competitive globally, seeking autonomy was a logical step towards advanced quality education and was achieved successfully by the support and initiatives of our great visionaries who established the Nitte University in 2008 and NUINS is proud to be a part of this great University in 2009.

Nitte Usha Institute of Nursing sciences is well known for its unstinted student support system, innovative teaching learning methods and continuous student monitoring system making students feel that their efforts to achieve progress and prosperity in life is well realized.

The institute offers Post-graduate, degree and diploma courses in nursing with an annual intake of 35, 100 and 60 students respectively. Apart from academics, exceptional clinical training is provided through a full fledged 1200 bedded super speciality parent hospital. In addition to regular teaching skills, students are also given training in value education and job skills, in order to ensure professionalism and gainful employment. Hospitals like Ruby Hall Clinic, Pune, Apollo Hospitals, Hyderabad, Fortis Gudgaon, Delhi & Medanta Group of Hospitals, Delhi periodically visit the institute for campus placement.

The institute offers excellent opportunities for the young aspirants to participate in all the major National Health Programmes and National Health day celebrations in collaboration with the rural and urban community at the Primary Health Care centres. Faculty members are periodically sponsored to attend National, International and State level Workshop/Seminars to keep abreast of the latest developments and trends in health care. Ongoing research activities are undertaken to stimulate critical thinking among the undergraduates. The institute is also involved in the GFATM project, carried out in collaboration with the WHO & INC for training faculty for prevention and control of AIDS, Tuberculosis and Malaria.

NSS and Red Cross Wings of the institute are actively involved in organizing free health check up and health education campaigns. The institute has an active alumni association and a women cell.

Student Monitoring

A very active Teacher guardian system is existing in the college wherein a ratio of 1:15 between teacher and students is maintained. Any academic, personal issues of students are addressed through this system. A full time counsellor is also available at KSHEMA hospital. Student attendance as well as progress is specifically monitored by class co-ordinators/subject co-ordinators on a daily basis and informed periodically to parents. Weaker students are identified and provided remedial coaching and improvement tests. Advanced learners are identified as mentors in the co-operative learning strategy adopted by the institute.

Board of Studies and Curriculum Development

Two meetings have been conducted in the Board of Study of the institute. Revision of Microbiology syllabus, finalising the specification table, discussed about starting Post basic Diploma in Geriatric Mental Health under Nitte University and including the eligible teachers in the approved guide list are the major issues in the BOS meetings

Nitte Institute of Physiotherapy

Prof. Dr. Dhanesh Kumar K.U.
Principal

About Nitte Institute of Physiotherapy:

Nitte institute of Physiotherapy was established on 27th February 1997 with an intake of 40 BPT seats under the Rajiv Gandhi University of Health Sciences, Bangalore. In the year 2002 BPT seats had been increased from 40 to 60. The Postgraduate program in Physiotherapy (MPT) started in the year 2003 with an intake of 05 seats and enhanced to 10 seats in the year 2005 and to 20 seats in the year 2014. In 2009 the institute has become the constituent college of Nitte University. It is approved & recognized by the UGC, Government of Karnataka and Indian Association of Physiotherapists. The Institute is also accredited by NAAC grade “A”. Currently it is running BPT program of four and half years duration including six months internship and MPT of 2 years duration with five specialties like, Musculoskeletal Physiotherapy & Sports Physiotherapy, Physiotherapy in Cardio-Respiratory Disorders & Intensive care, Physiotherapy in Neurological & Psychosomatic Disorders, Pediatric Physiotherapy. Post graduate programme is further strengthened by adding a new elective, Physiotherapy in Obstetrics and Gynecology.

The college has a separate building for the academic activities and it is situated in the same campus of the K.S.Hegde Medical Academy. College is having well qualified and adequate staff members as per the norms of the statutory bodies. There are twelve teaching staff working in the college on full time basis apart from 35 part time staff. Among them, 01 Professors, 01 Associate professor, 10 Assistant Professors. The students are given the clinical training in the 1200 bedded multispecialty K.S.Hegde Hospital at Deralakatte. For the community posting, college is having separate CBR unit at Thokkottu.

The college has an extensive digital library with good stock of text and reference books, online and hard subscribed professional journals and internet facilities. It has a separate boys and girls hostel near the premises of the college and the college is a ragging free one too. College gets good consistent high pass percentage in the University examinations of both BPT & MPT programs. College provides a good atmosphere and infrastructure for the research activities for the staff and students. Currently there are 06 staff members of the institute pursuing their PhD. The students of the college are from across the county with a mixture of different languages, religions and communities.

The college also has a well interacted & active Alumni Association which conducts regular Alumni Reunion every year. Currently, Prof.(Dr.) Dhanesh Kumar K U is the Principal of the institute. The Institute attaches with Extended and upgraded Physiotherapy clinic with separate Pediatric and Hand rehabilitation unit.

■ **National Unity day Celebrated on 31-10-2014**

Nitte Institute of Physiotherapy NSS Unit celebrated Birth Anniversary of Sardar Vallabhbhai Patel as National Unity Day on 31st October, 2014.

■ **World AIDS Day - Awareness Program on 01-12-2014**

NSS unit conducted World Aids Awareness Day on 01-12-2014. Mr. Nikhil N.P., Assistant Professor , NIPT has delivered the Awareness talk on AIDS and also NSS Volunteer

Ms. Saraswathi Shrestha, 3rd BPT delivered the Awareness talk.

4. **Nitte institute of physiotherapy celebrated the Vanamahotsava programme on 30-07-2014 at 2.30 pm. On this occasion, saplings were planted**

Best Practices & Innovations

- Conducting Objective structured Practical Examination (OSPE) and Objective structured Clinical Examination (OSCE) Examination for the post graduates in internal examination.
- Extensive use of information communication technology (ICT) for teaching learning process.
- Regular continuous Physiotherapy Education (CPEs) / workshops are conducted.
- In-service training for teaching staff & soft skill training for Non-Teaching staff
- Remedial coaching for academically weaker students.
- Staff evaluation system by the students.
- Class Coordinator for each year to monitor the student’s academic growth.
- Progress reports are sent to the parents regularly.
- Exposure to community based rehabilitation through our community Physiotherapy centers.
- Personality enrichment workshops.
- Faculties into social contributions- KARUNYA
- Celebration of National festivals.
- Regular Parent Teacher Association Meetings

Department of Mass Communication & Journalism

Mr. Raviraj
HoD, MCJ

About the institution:

The Dept. of Mass Communication & Journalism was established in 2012 with a view to provide job oriented professional course in the field of Journalism and Mass Communication. It also provides excellent training opportunities to the students.

The Dept. offers Bachelor of Arts program in Journalism and Mass Communication and Master of Arts program in Journalism and Mass Communication.

Student Monitoring:

The monitoring scheme is functioning with the guidance of the HoD and the respective teacher. Student attendance as well as progress is specifically monitored by the subject co-ordinators and the same is conveyed to students.

Board of Studies and Curriculum Development:

Institute follows the curriculum as per the University norms. BoS Meetings are conducted and various issues related to Regulation and Course Curriculum planning, finalizing the Panel of Examiners is addressed in the meeting and forwarded to the Nitte University Academic Council for approval.

Nitte University Centre for Science Education and Research (NUCSER)

Prof. Dr. Indrani Karunasagar
Director, NUCSER

About the Institution:

Nitte University Center for Science Education and Research (NUCSER) is a teaching and research centre under the ambit of Nitte University. It was established in 2013. Recently, the centre has been upgraded as an independent facility and has moved to a sprawling area at Deralakatte, with state-of-art research facilities. The centre at present has 14 eminent scientists with expertise in diverse areas of biological science and is led by Dr. (Mrs) Indrani Karunasagar, an internationally renowned scientist who has several patents and commercialised technologies to her credit. The centre is offering niche degrees keeping in tune with the emerging trends on career in research. In NUCSER the focus is on interdisciplinary science education and research. The centre offers both undergraduate and postgraduate degree programs in addition to its research activities. At present it has four programs, namely: B. Sc. and M.Sc. Biomedical science, M.Sc. Food Safety and Biotechnology, and M.Sc. Marine Microbiology and Biotechnology. All these programs are first of its kind in Karnataka and are designed keeping in mind the job opportunities in the field of research. The students develop skills in various high end molecular techniques and tools used in research and development. The impetus is on study of human health and the various infectious, non-infectious and environmental toxicants affecting human health. The centre also offers PhD in specific areas of biological science. The teaching methods employed in the centre are highly innovative and learner centric. The course curriculum has been designed in such a way that the students not only accumulate updated theoretical knowledge but also gain hands on practical experience in their field of study.

The research activities in the centre are divided into six groups, namely Division of Infectious Diseases, Division of Cancer Genetics and Molecular Medicine, Division of Food Safety and Nutrition, Division of Bioresource and Biotechnology, Division of Bioinformatics and Computational Genomics and Division of Environmental Health and Toxicology. The centre has externally funded research projects from premiere funding agencies such as DBT, DST, ICMR, and SERB.

• Student monitoring

The centre has instituted a students welfare committee to monitor the students activities. The committee consist of three faculty members and their job responsibilities are listening to students problems, addressing their concerns, helping in organizing the various cultural and sports activities, counseling, electing students committees, and acting as staff advisors. In 2014-15 various activities were conducted at the centre such as Fresher's day celebration, Annual day celebration, Farewell party for outgoing students. Students have participated in various conferences and seminars conducted both within and outside the university and also won recognitions in the form of awards and prizes.

Students Welfare Committee

Members: **Dr. Ramya, Dr. Rama Adiga, Dr. Thejaswini**

• Board of Studies and Curriculum Development

The centre has a board of studies which meets regularly to discuss the issues on course content and curriculum. Following are the members of the board of studies

1. Chairperson **Dr. Indrani Karunasagar**
Director (R & D), Nitte University
Dean, Faculty of Biomedical Sciences
Nitte University Center for Science Education and Research (NUCSER)
2. Permanent Invitee **Mr. M Rajshekar**
Curriculum Director, Nitte University, Deralakatte
3. External member **Dr. U Ratnakar**
Professor of Pharmacology,
Kanachur Medical College, Mangalore
4. Member **Dr. Sudeep Shetty**
HOD Department of public health
5. Member **Dr Anirban Chakraborty**
Associate Professor, NUCSER
6. Member **Dr. Dinesh S.M**
Assistant Professor, NUCSER

In addition, various other committees namely academic committee, lab activity committee, lab consumable committee and public relations have been formed for the smooth functioning of the centre. Each of these committees include three to four faculty members with one member designated as in charge.

Workshops, Seminars- Conducted / Attended / Lectures given, etc., and Regional/ State/ National / International (with title and date)

- Dr. Biswajit Maiti represented the Centre in an International training programme on “Microbial Resources Information Management and Utilization for Developing Countries” sponsored by World Federation for Culture Collections and United Nations Educational, Scientific and Cultural Organization hosted by WFCC-MIRCEN World Data Center for Microorganisms, Institute of Microbiology Chinese Academy of Science at Beijing, China during 2nd – 15th September, 2014.
- Prof. (Dr.) Indrani Karunasagar participated as an expert and delivered a talk in the Diseases Control Session at the XVI Ecuadorian Aquaculture Conference & AQUAEXPO held during the period 20th -23rd October, 2014 at Guayaquil, Ecuador.
- Dr. Anirban Chakraborty, and Dr. Subrahmanyam Gangavarapu, attended the 3rd Annual Symposium of the SBC(I)–Coastal Karnataka Chapter held on 26th October, 2014 at the School of Life Sciences, Manipal University, Manipal as invited guest speakers and delivered talks.
- Prof. (Dr.) Indrani Karunasagar attended the 10ifaf Conference in Lucknow, to present a lead lecture on “Perspectives in Aquatic Animal health research in India” held during the period 12th – 15th November, 2014.
- Prof. (Dr.) Indrani Karunasagar attended and delivered a lead lecture at the 9th Symposium on Diseases in Asian Aquaculture (DAA9) held in Ho Chi Minh City, Vietnam from 24th – 28th November, 2014.
- Dr. Anirban Chakraborty was invited as a judge for Imprints, a Science Fest organized for students at St. Aloysius College, Mangalore, 18th Dec, 2014
- Dr. Subrahmanyam Gangavarapu was invited to present a research paper entitled as “Diversity and activity of ammonia-oxidizing archaea and bacteria in long-term industrial effluent-polluted soils, Gujarat, Western India” in National Symposium on Environment (NSE-19) held during 11th -13th December, 2014 at the School of Environmental Sciences, Mahatma Gandhi University, Kottayam, Kerala.
- Dr. Indrani Karunasagar inaugurated a National Workshop on DNA Barcoding and delivered a keynote lecture on “Concepts in DNA Barcoding” at the University College, Mangalore -18th & 19th December, 2014.
- Dr. Anirban Chakraborty, Dr. Praveen Rai, Dr. Deekshit, Dr. Krishna Kumar, Dr. Subbramanyam G., Dr. Biswajit Maiti, Dr. Rama Adiga & Dr. Ramya Premnath attended the two day National Workshop on DNA Barcoding at Mangalore University College, Mangalore on 18th & 19th December, 2014.
- Dr. Indrani Karunasagar, Member of the DBT Expert Committee attended the Biotechnology Career Advancement and Re-orientation program for Women Scientists (Bio-CARe) held on 8th & 9th January, 2015 at New Delhi.
- Dr. Indrani Karunasagar delivered Keynote address at the National seminar on “Advances in Biological Sciences” at Alva’s College, Moodabidri on 28th January, 2015.
- Dr. Indrani Karunasagar inaugurated the National Conference cum Training Programme on Microbial Risk Assessment in Tamilnadu Veterinary University Tuticorin on 26th Feb, 2015 and delivered keynote lecture.
- Dr. Rama Adiga was a resource person at the DBT sponsored National Workshop on Computational and Structural Bioinformatics held at St. Aloysius College (AIMIT), Beeri on 26th February 2015.
- Dr. Rama Adiga delivered a guest lecture on “Bioinformatics” at St Aloysius College (Autonomous), Mangalore on 31st March 2015.

VIPs visit to the Institution

France

Prof. Pierre Emmanuel Gleizes, Universite de Toulouse-Paul Sabatier visited Nitte University on 13th December, 2014, to discuss the possibilities of research and academic collaborations. An exchange of Memorandum of Understanding between the Universite de Toulouse-Paul Sabatier, Toulouse, France and Nitte University, Mangalore, India was held at the K.S.Hegde Charitable Hospital, Deralakatte Mangalore on 15th December, 2014. The Consul General, French Consulate, Bengaluru - Dr. Eric Lavertu, the Attache for Science and technology, French Consulate, Bengaluru – Dr. Jeneifer Clark and the Director, Universite de Toulouse-Paul Sabatier, Prof. Pierre Emmanuel Gleizes visited the University to take part in the MoU exchange ceremony.
