Geomitra

24 April 2026

The Department of Electrical and Electronics Engineering (EEE), NMAM Institute of Technology, Nitte in association with the Department of Mathematics under ELITES (the Association of Electrical and Electronics Engineering students) organized an inter-departmental geometry-based event, Geomitra – Where Geometry Meets Artistry, on April 22, 2026, between 01:30 PM to 04:30 PM in Sir MV Block. A total of 116 teams registered and actively participated in the event. Dr. Suryanarayana K, Professor and Head, Department of EEE addressed the participants and highlighted the evolution of Geomitra over the years. He mentioned that the event was first conducted in 2012 in commemoration of the 150th birth anniversary of Srinivasa Ramanujan, and since then, it has been organized annually by the department of EEE. Geomitra focuses on developing intricate geometric structures through analytical thinking and creativity. Participants were required to solve 30 questions, the answers to which provided the dimensions needed to construct a specific geometric design on a drawing sheet. The event was conducted using an in-house developed mobile application, which participants installed to access and solve the questions. This digital approach ensured smooth coordination and real-time engagement throughout the competition. The Head of the Department and faculty members observed and appreciated the enthusiasm and creativity of the participants. Mr. Ankith Cherian, a fourth-semester student, secured the first place. Miss. Shreyatha and Miss. Pranami were declared the runners-up of the event.

Farewell to the Dept of EEE Students of 2022 – 2026 Batch

27 April 2026

The Department of Electrical and Electronics Engineering (EEE) NMAM Institute of Technology, Nitte under ELITES (an Association of the students of Electrical and Electronics Engineering), organized a farewell to the students of its 2022–26 batch on 25 April 2026, from 9:00 AM to 3:30 PM at the Amphitheatre. The event began with the President of ELITES, Mr. Divij Mandrekar presenting the report of activities conducted during the academic year 2025 – 2026. Mrs. Swathi Hatwar, ELITES Coordinator, shared the financial details, including the total funds collected and the expenditure incurred for conducting various events. Final-year students reflected on their four-year journey, sharing memorable experiences and nostalgic moments. Juniors also expressed their strong bond with the outgoing batch, especially through their collaboration in organizing various academic and extracurricular events. Dr. Suryanarayana K, Professor and Head, Department of EEE addressed the gathering, appreciating the students and highlighting how both the department and the students have grown over the past four years. He also spoke about significant developments in the department, including the procurement of new equipment to enhance the teaching-learning processes and the addition of the new amphitheatre. He wished the students all the very best in their future endeavours and encouraged them to stay connected with the institution. During the event, prizes were distributed to the winners of Geomitra, T-shirt Design, and Rubik's Cube competitions. All the final-year students were also presented with the mementos as a token of remembrance from the department for their future journey. The informal session included games, activities, and dance performances organized by the second- and third-year students to entertain the seniors. The presence of the Vice-Principal Dr. Nagesh Prabhu, the Head of the Department, faculty members, and the technical staff added great value to the occasion.

Volume 05 Issue 09 April 2026 EEE Newsletter

Details of the Workshop / STTP/ Faculty Development Program attended by the faculty of E&E Engg in the month of April 2026

Sl. No.	Name	Dept	Title of the Programme	Place	Date
1.	Dr. Ramakrishna SS Nuvvula	E&E Engg	Power Control in Grid- Connected Renewable Energy Systems	Dept of Electrical and Electronics Engineering, Aditya University, AP-533437 in association with Aditya Learning Academy (Online)	30 March – 04 April 2026
2.	Mr. Gururaj K	E&E Engg	Writing systematic Reviews: A practical guide for Scientific Researchers	Staff Development Centre, Nitte DU	07 April 2026
3.	Dr. Chiranjeevi Yarramsetty	E&E Engg	Edge-Driven Urban Traffic Intelligence: From Data to Decisions	Dept of CSE, NITK, Surathkal in association with SPARC, Ministry of Education, Govt of India	9-11 April 2026
4.	Mr. Gururaj K	E&E Engg	Quantum Machine Learning and Quantum Deep Learning: Theory, Algorithms and Applications	Annant Gyan Knowledge and Skills Pvt Ltd (www.annantgyan.com)	13-18 April 2026
