The News Bulletin of Dr. Nitte Shankara Adyanthaya Memorial First Grade College, Nitte

Volume : 16

Issue : 2

April 2019

From Principal's Desk...

Dear Reader,

"PRODIGY" is a bi-annual Newsletter which provides detailed information about the achievements of students as well as faculty members of the College in the corresponding academic year. In this issue we are

presenting the detailed activities conducted in the term December to April 2018-19. The major academic shift in this term is the plan to introduce the Choice Based Credit System (CBCS).

Mangalore University has implemented the CBCS for all the Undergraduate programmes effective from the academic year 2019-20 onwards. This system not only offers opportunities and approach to learn core subjects but also explores additional methods of learning beyond the core subject for universal development of an individual. The CBCS initiates the shift in focus from the teacher-centric to student-centric education. It also provides an opportunity for the students to choose courses from the prescribed course list comprising of core, elective/minor or skill-based courses. The course is evaluated through grading system.

Along with this, in our college, we have already implemented the skill-based learning methodology to enable students to face the world in their career. The activities of both students and the faculty members mentioned in this newsletter also reflects such kind of learning as well as teaching.

I am thankful to all the members of editorial board for their help in bringing out this newsletter. I wish everyone a great success ahead.

Dr. Veena Kumari B. K.
Principal
